Chief Executive

## **A G E N D A**

### **PART I - OPEN COMMITTEE**

1      Apologies

2      Minutes

Minutes of the Children's Scrutiny Committee meeting held on 16 November 2017 (previously circulated).

3      Items Requiring Urgent Attention

Items which in the opinion of the Chair should be considered at the meeting as matters of urgency.

4      Public Participation

Members of the public may make representations/presentations on any substantive matter listed in the published agenda for this meeting, as set out hereunder, relating to a specific matter or an examination of services or facilities provided or to be provided.

### **MATTERS FOR CONSIDERATION OR REVIEW**

5      Budget 2018/19 (Pages 1 - 30)

## Budget 2018/19

### Overall Approach

The 2018/19 budget proposals will be scrutinised with consideration of relevant service area budgets by individual Scrutiny Committees with the Corporate Infrastructure and Regulatory Services Scrutiny Committee considering both its own budget responsibilities as well as any issues raised by the Children's Scrutiny Committee and also the Health and Adult Care Scrutiny Committee, to produce an overarching series of recommendations.

This approach will enable all Scrutiny Members to critique, question and challenge the budget proposals across services, to better understand the implications of the budget proposals across the Council and to make effective recommendations to Cabinet and the Council.

The proceedings of all Scrutiny Committees will be webcast and publicised through normal channels including Twitter and other social media.

The Council must have full regard to and consider the impact of any proposals in relation to equalities prior to making any decisions, as set out in equality impact assessments, and any identified significant risks and mitigation action required.

### Public Participation

Additionally there will be an opportunity for members of the public to address each Scrutiny Committee meeting and make oral representations/presentations on any matter relating to the proposed budget, in line with the public participation scheme.

### This Meeting

At this and other Scrutiny Committees in the current cycle, Members are asked to identify salient issues within each Committee's areas of responsibility, to examine the general thrust of the budget and take an overview of priorities and prospects.

At this meeting Chief Officers / Heads of Services will report, inter alia, on:

- the Cabinet's Target Budget for services/suite of services;
- how that compares to the target figure for 2017/18;
- the likely implications of the 2018/19 target for individual areas of service (e.g. in percentage terms compared to current levels) and how those areas have been prioritised;
- any comparisons between the current year and next year's proposals for the major service areas, to illustrate the scale of change within those activities and how the budget has been allocated across services in those years (to illustrate changes of emphasis or priority);
- any "alternative delivery models" or other initiatives contemplated for given services and how it is thought that these may reduce costs; and
- impact assessments undertaken in relation to the draft budget.

### Report and Budget 2018/19 Impact Assessment

Joint Report of the County Treasurer and Chief Officer for Children's Services (CT/18/03) on the proposed budget for Children's Service Area for 2018/19, attached.

*[NB: An overview of the impact assessments for all service areas entitled 'Budget 2018/19 Impact Assessment' has also been made available to all Members of the Council in order that Scrutiny Committees may have access to all necessary equality impact assessments undertaken as part of the budget's preparation. The document will also be available at:*

<https://new.devon.gov.uk/impact/published/budget-impact-assessment-201819/>

Members are requested to familiarise themselves with its contents, retaining it for future meetings accepting that this is a dynamic process and individual assessments may necessarily be updated with time. Members of the Council must have full regard to and consider the impact of any proposals in relation to equalities for the purpose of this and other budget meetings prior to making any decisions and any identified significant risks and mitigating action required. Scrutiny Committees will no doubt wish to be assured that risk assessments and projections are adequate and that the evidence supports the assumptions made in the formulation of the budget.

### Children's Scrutiny Committee Work Programme

In accordance with the previous practice, Scrutiny Committees are requested to review the list of forthcoming business (previously circulated) and to determine which items are to be included in the Work Programme.

The Committee may also wish to review the content of the Cabinet Forward Plan to see if there are any specific items therein it might wish to explore further.

The Work Programme and Forward Plan can be found at:

## **NOTES FOR VISITORS**

All visitors to County Hall, including visitors to the Committee Suite and the Coaver Club conference and meeting rooms are requested to report to Main Reception on arrival. If visitors have any specific requirements or needs they should contact County Hall reception on 01392 382504 beforehand. Further information about how to get here can be found at: <https://new.devon.gov.uk/help/visiting-county-hall/>. Please note that visitor car parking on campus is limited and space cannot be guaranteed. Where possible, we encourage visitors to travel to County Hall by other means.

**SatNav** – Postcode EX2 4QD

### **Walking and Cycling Facilities**

County Hall is a pleasant twenty minute walk from Exeter City Centre. Exeter is also one of six National Cycle demonstration towns and has an excellent network of dedicated cycle routes – a map can be found at: <https://new.devon.gov.uk/travel/cycle/>. Cycle stands are outside County Hall Main Reception and Lucombe House

### **Access to County Hall and Public Transport Links**

Bus Services K, J, T and S operate from the High Street to County Hall (Topsham Road). To return to the High Street use Services K, J, T and R. Local Services to and from Dawlish, Teignmouth, Newton Abbot, Exmouth, Plymouth and Torbay all stop in Barrack Road which is a 5 minute walk from County Hall. Park and Ride Services operate from Sowton, Marsh Barton and Honiton Road with bus services direct to the High Street.

The nearest mainline railway stations are Exeter Central (5 minutes from the High Street) and St David's and St Thomas's both of which have regular bus services to the High Street. Bus Service H (which runs from St David's Station to the High Street) continues and stops in Wonford Road (at the top of Matford Lane shown on the map) a 2/3 minute walk from County Hall, en route to the RD&E Hospital (approximately a 10 minutes walk from County Hall, through Gras Lawn on Barrack Road).

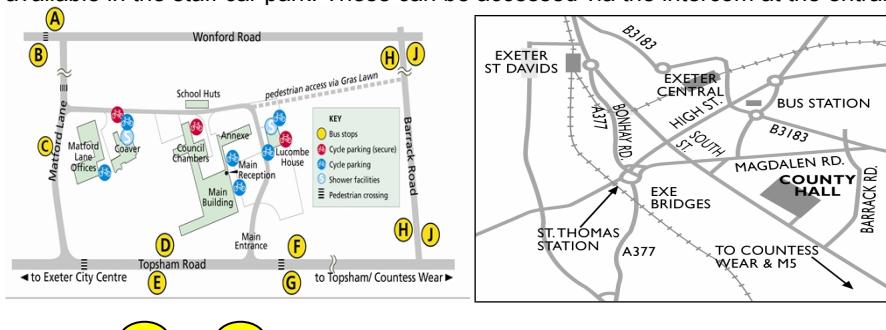

### **Car Sharing**

Carsharing allows people to benefit from the convenience of the car, whilst alleviating the associated problems of congestion and pollution. For more information see: <https://liftshare.com/uk/community/devon>.

### **Car Parking and Security**

There is a pay and display car park, exclusively for the use of visitors, entered via Topsham Road. Current charges are: Up to 30 minutes – free; 1 hour - £1.10; 2 hours - £2.20; 4 hours - £4.40; 8 hours - £7. Please note that County Hall reception staff are not able to provide change for the parking meters.

As indicated above, parking cannot be guaranteed and visitors should allow themselves enough time to find alternative parking if necessary. Public car parking can be found at the Cathedral Quay or Magdalen Road Car Parks (approx. 20 minutes walk). There are two disabled parking bays within the visitor car park. Additional disabled parking bays are available in the staff car park. These can be accessed via the intercom at the entrance barrier to the staff car park.

## Children's Services Scrutiny Committee

23rd January 2018

### Joint Report of the County Treasurer and the Chief Officer for Children's Services

#### 2018/19 Budget

**Recommendation:** that the Scrutiny Committee consider whether it wishes to draw to the attention of the Cabinet any observations on the proposals contained within the draft Revenue Budget 2018/19 and Capital Programme for 2018/19 to 2022/23.

#### **1. Introduction and Commentary**

- 1.1 At its meeting of 13th December 2017, Cabinet set Revenue Budget targets for 2018/19. The targets incorporate inflation and pressures and income initiatives and savings required to set a budget within reduced funding levels provided by Government in the recent provisional financial settlement.
- 1.2 A number of major decisions remain to be taken. At this stage, the final outcome of the Local Government Finance Settlement is awaited and details of the council tax base, collection fund surpluses and tax base yield have yet to be confirmed along with the local element of Business Rates. Information should be available by the time that County Council considers final budget proposals for 2018/19 on 15th February 2018. However, given the late notification of the provisional settlement and in line with arrangements from previous years, 22nd February 2018 has been set aside for a second County Council budget meeting if required.
- 1.3 The draft budget attached to this report complies with the targets set by Cabinet on 13th December which total £477.391 millions. The total includes funding for budget pressures of £28.593 millions that mainly relates to additional expenditure to allow for service growth to cater for demographic changes such as increased children and adult service users and unavoidable cost pressures. Savings and income initiatives of £20.842 millions are required to set a balanced budget. The target for Adult Care and Health also includes £10.148 millions in relation to the One-off Improved Better Care Fund grant announced by the Chancellor in March 2017.
- 1.4 The targets set for each service area have been subject to different pressures and influences. The table below shows the 2018/19 Budget Targets by Chief Officer.

	2017/18 Adjusted Budget* £000	Inflation & Pressures £000	Savings & Additional Income £000	Improved Better Care Fund £000	One-off 2018/19 Base Budget £000	
Adult Care & Health	214,769	11,337	(8,403)	10,148	227,851	+6.1%
Childrens Services	118,964	10,038	(3,515)		125,487	+5.5%
Communities, Public Health, Environment & Prosperity	35,530	1,034	(1,837)		34,727	-2.3%
Corporate Services	34,025	2,957	(2,364)		34,618	+1.7%
Highways, Infrastructure Development & Waste	56,204	3,227	(4,723)		54,708	-2.7%

# Agenda Item 5

- 1.5 This report provides detailed budget proposals in respect of all Services, in line with the targets outlined above.

## **2. Additional Improved Better Care Fund Grant**

- 2.1 As part of the Chancellors Spring Budget in March 2017, additional funding for authorities with Adult Social Care responsibilities was announced. This took the form of an additional Improved Better Care Fund Grant. For the County Council it has meant, in round terms, an extra £15 millions in the current year, £10 millions in 2018/19 and £5 millions in 2019/20. These grants are one off and not cumulative or ongoing.
- 2.2 The Government requires these grants to be pooled in the Better Care Fund but used for Adult Social Care purposes. The Government has set out detailed improvements it expects to see including targets in relation to Delayed Transfers of Care (DToC). Indications are that if targets are not met then grants could be reduced or direction imposed on how they are to be spent. The Improved Better Care Fund grant funding is included in the Targets above.

## **3. The Provisional Local Government Finance Settlement 2018/19**

- 3.1 On 19th December 2017, the Secretary of State for the Department for Communities and Local Government, Rt. Hon. Sajid Javid MP, made a statement to Parliament on the Provisional Local Government Finance Settlement for 2018/19.
- 3.2 Members may recall, that the 2016/17 local government finance settlement announced Core Spending Power figures for the four year period of 2016/17 to 2019/20. The Provisional Settlement for 2018/19 has confirmed the Core Funding figures at the expected level of £115.2 millions. There have however been other changes as set out below:
- 3.2.1 It had previously been announced that the national figure for the Rural Services Delivery Grant would be reduced in 2018/19 from £65 millions to £50 millions; this is not now going ahead and the grant will remain at the current level. This change means funding of £6 millions to the County Council, £1.4 millions more than expected. Due to the Business Rates Pilot outlined later in this report, this funding will not be paid as a separate grant in 2018/19 but will be rolled into Core Funding and increase the resources available to the Council from the £115.2 millions noted above to £121.2 millions.
- 3.2.2 The Government consulted earlier in the year on further changes to the New Homes Bonus Scheme. The Government has decided not to go ahead with the proposed changes and will instead keep the scheme unchanged from the current year except for a reduction in the number of years benefit from 5 years currently to 4 years. New Homes Bonus grant figures have been announced and the sum for the County Council is just under £300,000 more than anticipated, at £3.8 millions.
- 3.2.3 The Chancellor's Autumn Budget announced a change in the annual Business Rates inflationary increase from Retail Price Index (RPI) to Consumer Price Index (CPI). This change is effective from 2018/19 and will mean a reduction to Business Rates received by Local Authorities as part of Core Funding. The Government undertook to compensate authorities for this loss and the Provisional Settlement includes a grant to the County Council of £2.1 millions for this purpose.

# Agenda Item 5

- 3.2.4 The provisional settlement has set the Council Tax increase that will trigger a referendum, excluding the Social Care Precept, at 3% for 2018/19; an increase of 1%.
- 3.3 The Adult Social Care Precept regulations have remained unchanged. In 2016/17, the Social Care Precept was capped at 2% per annum for the period 2016/17 to 2019/20. Members may recall that Government changed these regulations last year and allowed Authorities to increase the precept to a maximum of 3% per annum over the period 2017/18 to 2019/20 as long as the total increase over the three years did not exceed 6%. The Council increased the Adult Social Care Precept by 3% in 2017/18. If the Adult Social Care Precept is increased by 2% in 2018/19 then there can only be a 1% increase in 2019/20; if the Adult Social Care Precept is increased by 3% in 2018/19 then there can be no increase in 2019/20.
- 3.4 In 2018/19 government funding (core funding) for the County Council will reduce from £128.3 millions in 2017/18 to £115.2 millions in 2018/19, on a like for like basis and before any benefit from the Business Rates Pilot outlined below. This is a reduction of £13.1 millions, or 10.2%. Although this is in line with the four year settlement announced in 2016/17 it is still a significant reduction to our funding at a time when there are huge pressures on Social Care services.

## **4. 2018/19 100% Business Rate Retention Pilots**

- 4.1 During the summer the Department for Communities and Local Government invited Local Authorities to submit applications to become 100% Business Rates Retention Pilots in 2018/19. The Government's intention is that the new pilots will run alongside the five current 100% pilots which have been in operation since 1 April 2017. The current pilots, and the new wave in 2018/19, will help explore options, with Government, for the design of future local government finance reforms.
- 4.2 The County Council along with all the Devon Districts and the two Unitary Authorities submitted an application, to become a Pilot area, to Government at the end of October.
- 4.3 As part of Sajid Javid's statement to Parliament on the Provisional Local Government Finance Settlement he announced that due to the large number of pilot applications a total of ten have been accepted for 2018/19.
- 4.4 The Devon application is one of the ten successful bids. It is understood that at least three DCLG officials independently scored each pilot bid based on the application criteria originally set. This in combination with ministerial judgement and Treasury cost limits, led to Devon's success.
- 4.5 The success of the Devon wide bid brings with it not only an opportunity to help inform future local government finance reforms but a financial benefit to all of the authorities too. The pilot bid submitted estimated that for 2018/19 there could be a benefit of just under £17 millions to geographic Devon of which nearly £10 millions could come to the County Council. This is only an estimate and the final sums will not be known until the end of the Pilot year. It should also be noted that this benefit is currently for one year only.

# Agenda Item 5

## **5. Service Specific Budget Issues**

- 5.1 In Children's Social Care the greatest cost pressures centre on the lack of sufficiency of appropriate placements both locally and nationally, particularly for those meeting the increasingly complex needs of children and young people.
- 5.2 During 2017/18 the number of children in care has been consistently lower than anticipated when the budget was set but the type of package of care that some require is changing significantly. A greater number of children are in residential placements and consequently this is leading to a substantial financial pressure on the budget. This is exacerbated by the inability to recruit the level of in-house foster carers anticipated during 2017/18 which would otherwise enable more children to step down into lower cost, but still appropriate, placements. In recognition of this £7.7 millions have been provided in the 2018/19 budget for inflation and demand pressure, of which £6 millions is for looked after children placements.
- 5.3 The budget assumes improved strategic commissioning and market management. Strategies include making maximum use of independent foster carers for planned step-down for children in high cost residential placements and a continued focus on the recruitment of in-house foster carer capacity. A detailed review of sufficiency of placements for children in care will be undertaken early in the new- year.
- 5.4 Planned savings total £2.3 millions. Of these, £1.5 millions relate to improved placement capacity and interventions that avoid the need for children to come into care; there are risks if demand continues to rise or if the lack of sufficiency in the market cannot be addressed. The remaining savings of £800,000 are from planned efficiencies across the service.
- 5.5 The Dedicated Schools Grant (DSG) has increased by £17.4 millions within the schools and early year settings. This relates, in the main, to the change in funding from the introduction of the National Funding Formula (NFF) and a rise in pupil numbers. The increase also includes the full year effect of the introduction of the entitlement to thirty hours of nursery school provision within the Early Years' service.
- 5.6 Within the DSG the significant cost pressure relates to the High Needs service, largely due to increased demand. The cost of educating pupils with complex educational and physical needs can be significant and volatile and in particular the number of students remaining in Education post 16 is rising. The deliverability of a balanced budget depends to a large extent on successfully keeping children in maintained schools and increasing capacity in our maintained special schools; reducing the costs through better value for money in the independent sector and working with the Devon Inclusion Partnership to reduce the number of Alternative Provision placements.
- 5.7 School Transport continues to be challenging with increased budget pressures for 2018/19 of £1.532 millions. This is predominantly within personalised transport due to increases in national living wage and contract inflation. Whilst there has been a relatively small rise in pupils accessing the service the average unit cost has risen by £700 to £6,600 per pupil.
- 5.8 Risk assessments for Children's Services are included within the budget pages and cover more detail around the risks and mitigations for the services.

# Agenda Item 5

## **6. Capital Programme**

- 6.1 The Council's capital programme has been produced to maximise investment in the county's infrastructure and assets and to support service delivery and priorities.
- 6.2 There is currently no service need within Children's Services for new starts funded from capital resources but this will be kept under review in the coming year. Within the programme there is funding to support Children's Social Care for adaptations to disabled children's houses and grants for adaptation to foster carer houses. There is funding to support Education & Learning for Early Years provision to provide suitable accommodation in Kingsbridge, vehicle and equipment loans to schools, and there is also anticipated devolved budgets to school led projects.

## **7. Equality Impact Assessment**

- 7.1 Under the Equality Act 2010, the County Council has a legal duty to give due regard to the need to eliminate discrimination, advance equality of opportunity and foster good relations when making decisions about services. This duty applies to the eight 'protected characteristics' of age, disability, gender reassignment, pregnancy and maternity, race, religion and belief, sex and sexual orientation. Where relevant, Impact Assessments are carried out to consider how best to meet this duty, which includes mitigating against the negative impact of service reductions.
- 7.2 The Equality Act 2010 and other relevant legislation does not prevent the Council from taking difficult decisions which result in service reductions or closures for example, it does however require the Council to ensure that such decisions are:
  - Informed and properly considered with a rigorous, conscious approach and open mind.
  - Taking due regard of the effects on the protected characteristics with the need to ensure nothing results in unlawful discrimination in terms of access to, or standards of, services or employment as well as considering any opportunities to advance equality and foster good relations.
  - Proportionate (negative impacts are proportionate to the aims of the policy decision).
  - Fair
  - Necessary
  - Reasonable, and
  - Those affected have been adequately consulted.
- 7.3 The report 'Budget 2018 – 2019 Equality Impact Assessment' provides information on the impacts of new savings strategies. Previous years assessments are available at <https://new.devon.gov.uk/impact/> under 'Published Assessments'. The report for 2018/19 provides a detailed analysis of community feedback and data and views on budget priorities and council tax.

## Leadership Group Commentary

### From austerity to opportunity

In a challenging financial environment for local government, a major funding change is on the horizon which will present us with more opportunities to re-assess the way we do things at Devon County Council.

By 2020 we expect to receive very little direct funding from central Government and will be almost entirely dependent on Council Tax and Business Rate income from Devon residents and businesses. In itself this does not mean significant extra resource, but it does mean greater certainty and will make it easier to plan long term.

To help us prepare for this significant shift in the way our budget is managed, we are delighted that the County Council, along with our district and unitary colleagues, has been successful as one of only 10 business rate retention pilots for 2018/19.

We will be able to learn from the pilot and be in a much stronger position from which to determine our own financial future, and really question how best we can help improve the lives of people in Devon and channel our resources accordingly.

**Devon County Council remains a large, resilient, forward-focused organisation investing in our local services and the economy. We are looking to challenge ourselves about the way we deliver our services to ensure we are really doing what matters for the people of Devon.**

### Working for the people of Devon

We have worked hard over the past seven years to save £230 millions by reducing the number of people who work for the Council; embracing digital technology to be more flexible, innovative and connected, and selling some of our property and using proceeds to invest in Devon's infrastructure and economy.

We have also championed social enterprises and ensured services thrive with the success of Libraries Unlimited, the independent organisation that now runs the county's 50 libraries on the Council's behalf, and DYS Space which now operates the county's youth services.

And we are supporting innovative ways of improving the health and wellbeing of communities with projects like Integrated Care Exeter (ICE) which has been nationally recognised for promoting community resilience. ICE is all about social prescribing where GPs refer patients they believe would benefit from increased social activity to a trusted 'Community Connector'. They work with the patient to identify the root of their problem, understand what matters to them, and plan a way forward together, putting people's independence, health and wellbeing at its core.

### Doing what matters

We are working in a very dynamic environment - more people living in Devon over the age of 65 means increased pressure on services; health and social care services supporting the most vulnerable are already at breaking point, and the costs of protecting children, and supporting those with complex needs and learning disabilities are growing.

We need to find the best ways to protect these vital services while working with our partners to create the conditions for a more prosperous future through the Heart of the South West Productivity Strategy and national Industrial Strategy.

It's a complex situation with many conflicting demands on the County Council – but it's also an exciting time for us as we rethink what we do and how we do it.

Our core purpose is to help citizens to live their life well in a way that makes sense to them. To realise our purpose, we need to connect with citizens, be curious and ask the

# Agenda Item 5

difficult questions so we can fully understand why we do the things we do, and how people want to receive their services and who from.

We have broken our purpose in to nine areas where we believe we should focus our energy and expertise to find out more about how we work, and seek to solve problems to meet people's needs. They are:

- Become and remain independent.
- Get the best start in life.
- Get from A to B.
- Learn.
- Stay healthy.
- Keep my environment safe and looking good.
- Prosper.
- Keep safe.
- See that Devon is making good decisions.

## Show you care

But we can't do this alone. Our strong connections and co-dependencies with our partners are crucial in helping us make the most of all our resources and respond collectively to local need.

Devon is also fortunate to have many strong and active communities, with people prepared to stand up and show they care by giving their time and energy to make our county a better place. We are working closely with our communities to improve the lives of people across Devon as we know we can never achieve this on our own. By working together, we can hope to meet the social and environmental challenges facing us in Devon and all show we care.

## Service Commentary

This service brings together the statutory duties of the Council in relation to children in need, child protection and looked after children. It also includes the Youth Offending, Emergency Duty and Early Help Teams and a range of services targeted to support families and thus help to avoid the need for children to come into care. It also provides short breaks and respite care services for disabled children and their families.

The greatest cost pressures centre on the lack sufficiency of appropriate placements both locally and nationally, particularly for those meeting the increasingly complex needs of children and young people.

During 2017/18 the number of children in care has been consistently lower than anticipated when the budget was set but the type of package of care that some require is changing significantly. A greater number of children are in residential placements and consequently this is leading to a substantial financial pressure on the budget. This is exacerbated by the inability to recruit the level of in-house foster carers anticipated during 2017/18 which would otherwise enable more children to step down into lower cost, but still appropriate, placements.

Savings strategies centre on improved strategic commissioning and market management, including a continued focus on the recruitment of in-house foster carers. It is a challenging environment and it is recognised that even if these strategies are successful the effects will take time to work through the system and are not likely to be realised in full within the 2018/19 financial year.

## Service Commentary

This service represents the Council's responsibilities for education and learning other than those funded by the Dedicated Schools Grant and Post 16 funding which are shown separately. It includes infrastructure and support to ensure the delivery of more than 200 statutory duties in education and learning and to deliver a range of specialist support for inclusion services, admissions, home to school transport as well as education support for children with special needs and vulnerable groups of children.

The cost of Personalised School Transport continues to rise due to increases in national living wage and contract pricing. Whilst there has been a relatively small rise in pupils accessing the service the average unit cost has risen by 12%.

## Service Commentary

Services funded by the Dedicated Schools Grant (including high needs funding), Post 16 Funding and Pupil Premium. Most funding is delegated directly to schools.

2018/19 sees an increase to funding for schools and Early Years settings due to the introduction of the National Funding Formula and the full year effect of the 30 hours entitlement within Early Years since its implementation in September 2017.

Within the DSG the significant cost pressure relates to the High Needs service, largely due to increased demand. The cost of educating pupils with complex educational and physical needs can be significant and volatile and in particular the number of students remaining in Education post 16 is rising.

The deliverability of a balanced budget depends to large extent on successfully keeping children in maintained schools and increasing the capacity in our maintained special schools; reducing the costs through better value for money in the independent sector and working with the Devon Inclusion Partnership to reduce the number Alternative Provision placements.

## Children's Services - Risk Assessment

Service	Budget 2018/19 £'000	Risk and Impact	Mitigation
Looked After Children Placements	35,712 (net)	<p>A key risk to operations is a continued lack of appropriate provision for children and young people with high levels of complex need (including mental ill-health) which could lead to further escalation of unit costs.</p> <p>The budget is at risk if market sufficiency does not improve, particularly in the independent residential sector, which then results in higher numbers of children in very high cost placements.</p> <p>Similarly, failure to increase in-house foster carer capacity would likely result in reduced ability to step children and young people down from high cost, high support settings into lower cost but still appropriate placements.</p> <p>The budget is also at risk from the impact of possible rises in levels of poverty, changes to the costs of care and support packages as a consequence of the challenges that some providers anticipate in recruitment as we progress towards Brexit; and population change in the County.</p>	<p>The budget has been set recognising the current pressures on sufficiency and costs; it assumes active management and cost control.</p> <p>Mitigation to prevent escalating costs is through strategies that centre on fewer children going into high cost placements, or spending less time in such provision through enhanced Edge of Care support and active recruitment of additional in-house foster carers.</p> <p>Early in 2018 a review of sufficiency of placements is planned; particularly short term/ emergency residential provision which may lead to an options appraisal for an alternative model of provision and strengthened market management.</p> <p>However, these mitigations, if successful, will take time to work through the system and it is recognised that the effects of these strategies are not likely to be realised in full within the 2018/19 financial year.</p>
Disabled Children's Service	12,203 (net)	The Disabled Children's Service (DCS) has seen a year-on year increase in children and families accessing the service and complexity of children's needs. More short break packages of care are being accessed and the cost of packages has been increasing.	Ensuring a consistent operating model for delivering services which is both financially sustainable and which achieves the best possible outcomes for children with disabilities and their families.

# Agenda Item 5

Education and Learning – General Fund	41,333 (net)	<p>A third of Devon's schools are academies.</p> <p>Changes to the local authority's statutory responsibilities may reduce the influence of the Council and affect some of the central support functions it provides.</p>	<p>Ensure strong and effective collaborative working and information sharing to set out clearly the council's role and relationship with maintained schools, partnerships and academies.</p> <p>The Council will continue to ensure that statutory responsibilities within a diverse educational landscape are secured through a range of protocol and stakeholder agreements.</p> <p>Continue to encourage Academies to buy back Traded Services.</p>
School/College Transport	24,592 (net)	<p>The number of pupils with personalised transport needs has been increasing with costs continuing to rise.</p>	<p>Continue work to manage demand for special educational needs (as below for High Needs DSG spending) Increase access to Independent Travel Training. Review policies for discretionary transport provision and increase local provision for children with special educational needs.</p>
Education and Learning – Schools budgets	542,328 (gross)	<p>As delegation to schools budgets and the number of academy conversions increase there is less resource to provide central services with the risk of loss of economies of scale which may impact on smaller schools in particular. This risk is further exacerbated by the impact of the implementation of the national funding formula and changes to employee costs adding to pressure on school budgets. This could lead to schools prioritising spend which may in turn impact on traded services and de-delegation decisions</p>	<p>Ensure a clear and well understood approach to robust commissioning negotiations with providers.</p> <p>Continue to engage with national reviews of schools funding arrangements.</p> <p>Continue to develop partnership working to maximise effect of collaborative approaches between statutory and purchased service delivery.</p>

# Agenda Item 5

High Needs budgets	63,323 (net)	<p>The cost of educating pupils with complex educational and physical needs can be significant and volatile. In particular the number of students remaining in Education post 16 is rising. The deliverability of a balanced budget depends to a large extent on successfully increasing capacity in our maintained special schools and disinvesting from the more expensive independent sector. Risk of more exclusions and increase in harder to admit children.</p>	<p>Continue active engagement with Devon Education Forum to ensure funding is appropriately distributed and targeted to achieve the best educational outcomes for all children across all ages and levels of need.</p> <p>Agree processes that effectively manage demand and ensure effective use of funding across all blocks of spending, Schools, Early Years and High Needs.</p> <p>Additional placements created within maintained special school provision and management action to reduce placements within Alternative Provision and Independent Sector through work with Devon Inclusion Partnership.</p>
