

Devon Pension Fund Training Plan 2017/18

1 Introduction

The Devon Pension Fund has had a longstanding commitment to training for those involved in the governance of the Fund to ensure that they have the skills and understanding required to carry out their stewardship role. This has included regular events to cover the latest developments in the LGPS, investment strategy and performance monitoring. In February 2014, the Investment and Pension Fund Committee adopted the CIPFA Code of Practice on Public Sector Pensions Finance Knowledge and Skills.

It is important that members of both the Investment and Pension Fund Committee and the Devon Pension Board receive appropriate training in order to carry out their roles effectively

This training plan sets out how levels of understanding will be assessed, and how the knowledge and skills requirement and other regulatory requirements will be supported through training events over the next year.

2 Knowledge and Skills Framework

There are six areas of knowledge and skills that have been identified as the core requirements for those with decision making responsibility for LGPS funds. They are:

- Pensions legislative and governance context.
- Pensions accounting and auditing standards.
- Financial services procurement and relationship management.
- Investment performance and risk management.
- Financial markets and products knowledge.
- Actuarial methods, standards and practices.

Members of the Investment and Pension Fund Committee and the Pension Board are expected to have a collective understanding and senior officers are expected to have expertise of these areas of knowledge and skills.

3 Pension Board Specific Requirements

Under the regulations the members of the Pension Board are required to have the capacity to take on the role. In addition, in accordance with Section 248A of the Pensions Act 2004, it is expected that every individual who is a member of a Local Pension Board will receive training, and as a result:

- Be conversant with the rules of the LGPS, in other words the Regulations and other regulations governing the LGPS (such as the Transitional Regulations and the Investment Regulations);
- Be conversant with any document recording policy about the administration of the Fund which is for the time being adopted in relation to the Fund;
- Have knowledge and understanding of the law relating to pensions;
- Have knowledge and understanding of such other matters as may be prescribed.

4 Committee and Pension Board Training

Training for the Investment and Pension Fund Committee and the Pension Board during the year will focus on the following areas:

1. **The six areas of the Knowledge and Skills framework** – These will continue to be a major area of focus, with training focused on gaps in knowledge identified through an assessment of need. The Fund has taken two approaches to assess the needs of committee members for further training. Work has been undertaken with the Devon County Council Member Development Officer to conduct development interviews with members of the Committee which have addressed the six areas outlined. In addition a self-assessment tool has been made available to members of the Committee, to enable them to measure their understanding and plan their development. The self-assessment tool is being reviewed by officers in order to bring it up-to-date for use with the Pension Board, and those members of the Committee yet to undertake the assessment. The outstanding modules will be issued during 2017-18.
2. **Induction for new members of the Investment and Pension Fund Committee and Pension Board following the County Council elections in May 2017** – There will be an initial focus on ensuring that any new members of the Committee or Board receive initial training to enable them to carry out their role.
3. **Brunel Pension Partnership** – Training and briefings will continue to be provided regarding the progress and developments of the Brunel Pension Partnership. This will include the regulatory environment governing the pooled vehicle, along with the requirements in relation to the organisational structure of the pooled vehicles and transition arrangements.

4. **Potential new investment opportunities** – Training will be provided on new areas of investment that may be considered by the Committee. Sessions will be provided to keep Committee and Pension Board members up-to-date with the latest market developments, and look at the Fund's long term performance.
5. **Regulatory / Legislative Changes** – Training will be provided on the implications of any legislative and regulatory changes.

Training will be delivered through the following events to be held during the year:

Investment and Pension Fund Committee Briefing – 16 June 2017

It is proposed to provide a 90 minute briefing session before the commencement of the Investment and Pension Fund Committee on 16th June 2017. This will incorporate the usual half hour briefing by the Fund's Independent Advisor, in addition to an outline of the Fund's investment and funding strategies and the work of Peninsula Pensions. The Committee will start an hour later than usual to accommodate the induction session.

Joint Training Day– Summer / Autumn 2017

A joint training event is planned to be held with other LGPS funds within the Brunel pool to provide a further update on the Brunel Pension Partnership. The timing of this will depend on the progress on the set up of the Brunel company, which will determine when an update session will be the most useful. Other topics could be included within the same agenda.

Devon Pension Fund Training Day – Summer 2017

Further training will be provided to include the latest regulatory changes, an update on financial markets and products and the composition of the Fund's statutory statements

Afternoon Training Session – 17th November 2017

A training session will be held on the afternoon of the November Investment and Pension Fund Committee. The agenda for this meeting is still to be finalised, but is likely to include an analysis of long term investment performance.

Devon Pension Fund Training Day – Spring 2018

The day will focus further on the six areas of the Knowledge and Skills Framework with an emphasis on any gaps in knowledge that have been identified.

Other Training

In addition members will also be provided with access to "bite-size" tutorials on the six areas of knowledge and skills and other quality assured websites to help boost levels of understanding. Where gaps in individual members' knowledge have been identified that will not be met by the core training described above, then additional training can be accessed to meet those needs.

Specific training can be identified for the Chairman of the Investment and Pension Fund Committee and of the Pension Board to support them in their role if required.

Resources are available to meet all the training requirements outlined above.

5 Officer Training

It is important that officers have the required training to carry out the tasks of managing the Fund's investments and administering the payment of benefits. The knowledge and skills required of staff are set out in their job descriptions, including any formal qualifications required. Senior Officers should be familiar with the requirements of the CIPFA Code of Practice on Knowledge and Skills and should have expert knowledge of the six areas of the framework.

Senior officers will attend relevant conferences and seminars during the year to ensure that they remain up-to-date with the latest requirements. In addition they will be expected to keep up to date through use of the internet, and conduct research on relevant issues where required. All staff will have specific training identified to meet assessed requirements. Individual training plans will be put in place and these will be recorded and reviewed as part of the annual appraisal process.

A central training record will be maintained by each of the Investment Team and Peninsula Pensions of the events attended and training received by all members of staff.

For senior officers, there will be a particular focus on the following areas:

1. **Governance** – Understanding the guidance and regulations in relation to local pension boards, and keeping up to date with how other Funds are working with their boards, in order that the Pension Board can be supported effectively and add value to the governance of the Fund.
2. **New Investment Arrangements** – Keeping up to date with progress in developing the Brunel pooling arrangements, and the contract management skills that will be required to manage the relationship with the Brunel company. There will also be a need to understand the implications of how the Financial Conduct Authority will implement the Markets in Financial Instruments Directive (MiFID2) and what the Devon Fund will need to do to comply.
3. **New Investment Products** – Keeping up-to-date with what the market is offering, in order to assess the validity of new products for investment by the Devon Fund.
4. **Accounting Issues** – Keeping up to date with the latest CIPFA guidance on the format of the Pension Fund Statement of Accounts and the content of the Annual Report.
5. **Pensions Admin Regulations** – Understanding the latest guidance and interpretation of changes to LGPS Regulations and their impact on procedures.
6. **Pensions Admin Systems** - Keeping up to date with updates/new releases to our software system Altair, passing down training to all staff.
7. **Wider Pensions Issues** – Understanding the impact of wider Government reforms to pensions, such as “freedom and choice” on the LGPS.

6 Reporting and Compliance

In line with the CIPFA Code of Practice a disclosure will be made in the Fund's Annual Report and Accounts that covers:

- How the Skills and Knowledge framework has been applied.
- What assessment of training needs has been undertaken.
- What training has been delivered against the identified training needs.
