

**DEVON AUDIT PARTNERSHIP – RESULTS FROM CIPFA BENCHMARK EXERCISE 2014/15**  
**Report of the County Treasurer**

Please note that the following recommendations are subject to confirmation by the Committee before taking effect.

**Recommendation:** that the Committee

1. **Notes** the results from the 2014/15 CIPFA benchmark exercise

**Summary**

The attached report highlights the results from the CIPFA benchmarking exercise for 2014/15. DAP submitted data relating to the internal audit service provided to Plymouth City Council; we selected to use our Plymouth data as this is seen as being representative of DAP overall.

This is the 6th year that we have participated in the club, and so now have good information that helps us identify current and potential future trends and directions of travel.

The results from the survey were provided early June 2015. The results compare information provided from 39 Unitary authorities. As would be expected these authorities range in size and complexity and range from Anglesey to Cornwall to Tower Hamlets.

Overall the results show that DAP performed very well in 2014/15 and is “below” the bar in the majority of areas, in particular in relation to:-

- Mainline audit cost per £m gross turnover
- Net cost to LA per chargeable day
- Cost per auditor

The CIPFA results are useful to provide reassurance to senior management and members that the Partnership continues to provide a cost effective internal audit service, and that this service is delivering assurance in line with other audit teams.
