

HEALTH AND WELLBEING BOARD

11 July 2019

Present:-

Devon County Council

Councillors A Leadbetter (Chair), R Croad, J McInnes, B Parsons and C Whitton

Councillor A MacGregor, Devon Districts Representative

Virginia Pearson, Chief Officer for Communities, Public Health, Environment and Prosperity

Dr Paul Johnson, Devon Clinical Commissioning Group

Diana Crump, Joint Engagement Forum

David Rogers, Healthwatch Devon

Chief Superintendent Samantha Dereya, Devon Commander - Devon and Cornwall Police

Phillip Mantay, Devon Partnership NHS Trust

Apologies:-

Dawn Butler, Torbay and South Devon NHS Trust

Suzanne Tracey, Chief Executive, RD&E

Jennie Stephens, Chief Officer for Adult Care and Health

Jeremy Mann, Environmental Health Officers Group

* **113** **Election of Chair**

RESOLVED that Councillor Leadbetter be elected Chair of the Board for the ensuing year.

* **114** **Appointment of Vice-Chair**

RESOLVED that Dr P Johnson be elected Vice Chair of the Board for the ensuing year.

* **115** **Minutes**

RESOLVED that the minutes of the meeting held on 11 April 2019 be signed as a correct record.

* **116** **Items Requiring Urgent Attention**

(An item taken under Section 100B (4) of the Local Government Act 1972)

The Chair agreed that the Committee should consider as a matter of urgency the Better Care Fund (BCF) Plan for 2019/20. Members were informed that Government had indicated that the Board would be required to approve the BCF Plan for 2019/20 but had yet to publish their requirements or timescales. It was therefore likely that the Chair would have to approve the Plan on behalf of the Board as timescales indicated this would need to happen before the Board next meets in October.

It was **MOVED** by Dr Pearson, **SECONDED** by Mr Rogers and

RESOLVED that the Better Care Fund Plan 2019/20 be circulated to Members for feedback once available and that the Chair be given delegated powers to sign the Plan on behalf of the Board.

* 117 **Devon Joint Health and Wellbeing Strategy: Priorities and Outcomes Monitoring**

The Board considered a Report from the Chief Officer for Communities, Public Health, Environment and Prosperity on the performance for the Board, which monitored the priorities identified in the Joint Health and Wellbeing Strategy for Devon 2016-2019.

The indicator list and performance summary within the full report set out the priorities, indicators and indicator types, and included a trend line, highlighting change over time.

The Board received an 'updates only' version of the Health and Wellbeing Outcomes Report. The report was themed around the five Joint Health and Wellbeing Strategy 2016-19 priorities and included breakdowns by local authority, district and trends over time. The 13 indicators below had all been updated since the last report to the Board;

- Early Years Foundation Score – in 2017/18, 71.7% of children in Devon achieved a good level of development at school entry, compared to 71.3% for the South West, 72.0% for the local authority comparator group and 71.5% for England;
- GCSE Attainment, 2017/18 – 64.2% of year 11 pupils in Devon achieved five or more GCSEs at grades 9-4, equivalent to A* to C, including English and Maths. The Devon rate was lower but not significantly different to the South West and local authority comparator group. It was higher than the England rate. There was variability across the districts with rates highest in East and Mid Devon and the lowest in Torridge.
- Teenage Conception Rate, 2017 – Conceptions to under 18s continued to fall in Devon and were lower than the South West, comparator group and England rates.
- Alcohol-specific admissions in under 18s, 2015-16 to 2017-18 – Approximately 63 admissions occurred each year in Devon related to alcohol-specific causes in under 18s. The rate per 100,000 in Devon was 43.6. This was broadly in line with the South West (43.6). However, the rate was significantly above the local authority comparator group (37.2 per 100,000) and England (32.9) rates. Rates had fallen slightly since 2015-16 levels.
- Excess Weight in Adults, 2017/18 – 60.1% of the adult population in Devon had a BMI in excess of 25 (overweight or obese) in 2017-18. This was below the South West (61.0%), the local authority comparator group (62.9%) and England (62.0%) rates. There was variability across the districts with the lowest rates of excess weight seen in East Devon and Exeter and highest in Teignbridge.
- Proportion of Physically Active Adults, 2017-18 – 72.8% of adults in Devon were physically active for at least 150 minutes per week. This was significantly above the South West (70.7%), comparator group (67.4%) and national (66.3%) rates.
- Diet – Fruit and Veg '5-a-day', 2017/18 – In Devon in 2017-18, 62.3% of the adult population consumed five or more portions of fruit and vegetables per day. This was above the South West (61.2%) and significantly above the local authority comparator group (58.5%) and England (54.8%) rates. Within Devon the highest rates were seen in the South Hams (67.9%) and the lowest in East Devon (58.3%).
- Domestic Violence, 2017-18 – Devon had a rate of 13.2 per 1,000, below the South West (19.9), comparator group (20.7) and England (25.1) rates. The Devon rate increased on 2015-16 levels. Locally, rates were highest in Exeter (18.3).
- Emotional Wellbeing of Looked After Children, 2017-18 – The average difficulty score in Devon was 16.9, which was higher than the South West (15.4), local authority comparator group (14.9), and England (14.2) averages.
- Hospital Admissions for Self-Harm, Aged 10 to 24, 2017-18 – There were 759 hospital admissions for self-harm in persons aged 10 to 24 in Devon in 2017-18. The rate per 100,000 in Devon was 593.7, is lower than the South West (621.0), but higher than the local authority comparator group (480.8) and England (421.2) rates. Within Devon, rates were highest in Torridge and lowest in the Mid Devon.
- Gap in employment rate (mental health service users), 2017-18 – The gap in employment rate between mental health service users and the overall employment rate in Devon (71.3%) was wider than the gap for the South West (67.2%), and England (68.2%).

- Stable and Appropriate Accommodation (Mental Health Clients), 2017-18 – 69.0% of adults in contact with a secondary mental health service were living in stable and appropriate accommodation, which was significantly above the South West (62.0%), comparator group (56.9%) and national rates (57.0%).

The outcomes Report also featured an explanation of current actions and projects across the five priorities including health checks, Food Exeter, Connect 5 training, suicide prevention training and sugar smart campaigns, to name but a few.

The Board also noted the proposed changes to the Devon Health and Wellbeing Outcomes Report, December 2018 where an easy read report had been produced, working alongside Living Options Devon.

The outcomes report was available on the Devon Health and Wellbeing website www.devonhealthandwellbeing.org.uk/jsna/health-and-wellbeing-outcomes-report

The Board, in discussion, highlighted and asked questions on;

- equality issues and a widening poverty gap across the county, with large concerns over health and education in the north of the county with higher rates of self harm and lower attainment rates in education;
- the importance of working with district councils and other partnerships in order to address these inequalities;
- funding bids being allocated to areas with the least need – e.g. Sport England bid to deliver a pilot scheme in Cranbrook and Exeter, which currently has the highest rates of physically active adults in Devon;
- establishing relationships with different groups to work together to resolve inequality issues across Devon; and
- the Joint Health and Wellbeing Strategy to engage with partners at all levels.

It was **MOVED** by Councillor Parsons, **SECONDED** by Councillor Leadbetter, and

RESOLVED that

- (a) the performance report be noted and accepted; and
- (b) the Chair of the Board and the Director of Public Health write to Devon District Leaders to bring to their attention the variations of outcomes across the County and to look at how partner agencies may work together to help resolve these issues.

* **118 Joint Strategic Needs Assessment and Joint Health and Wellbeing Strategy 2020-25 Update**

The Board considered a Report from the Chief Officer for Communities, Public Health, Environment and Prosperity which gave an update on the Joint Strategic Needs Assessment and Joint Health and Wellbeing Strategy for 2020-25.

Health and Wellbeing Boards had a statutory responsibility to produce a Joint Strategic Needs Assessment (JSNA), which was an assessment of current and future health and care needs in the local population, and a Joint Health and Wellbeing Strategy (JHWS), addressing the needs identified in the JSNA.

A new JHWS for Devon to cover the period 2020 to 2025 was currently being produced in accordance with the timeline and principles agreed by the Health and Wellbeing Board in April 2019 and the Report described the current status of both the JSNA and JHWS.

A summary of the main challenges for Devon from the JSNA was included in Appendix 1 to the Report. It outlined how the changing population of Devon, with wider social and economic

factors, contributed to health outcomes and health inequalities. It further highlighted specific local challenges that existed in relation to child poverty, the impact of lower incomes on fuel and food affordability, access to services, mental health, health-related behaviours, long-term conditions and housing.

Work was also underway to further develop the JSNA and ensure its content met the requirements of different users, for example explanatory users (those seeking a quick summary), exploratory users (those wanting to explore / interrogate in more detail and analytical users who might extract JSNA data and undertake further analytical work.

In relation to the Strategy 2020-25, this was being developed with a number of key principles including being a short document (up to 10 sides in length) with web interface, written from a community lens, in plain English, a focus on poorer outcomes and challenges, an emphasis on the wider determinants of health, strategic alignment with the Sustainability and Transformation Partnership and other partnerships, including common priorities, collaboration and reporting arrangements, a life course approach and a five-year strategy from 2020 to 2025

Consultation on the new Strategy would be launched at the Devon Health and Wellbeing Board Stakeholders Conference on the 11th of July 2019. The details of the consultation could be found at <http://devon.cc/jhws>

The Report also outlined a table of the vision and priorities which were;

- Priority 1. Creating opportunities for all (inclusive economic growth, education and social mobility);
- Priority 2. Healthy, safe and strong communities (creating conditions for good health and wellbeing where we lived, worked and learned);
- Priority 3. Focus on mental health (building good emotional health and wellbeing, happiness and resilience) and
- Priority 4. Maintain good health for all (supporting people to stay as healthy as possible for as long as possible)

The Board, in discussion, highlighted and asked questions on;

- rural loneliness and the steps being taken by the Council and partners to address these issues – the Board noted that Healthwatch Devon did a deep dive review into loneliness;
- the ability of partners to contact hard to reach populations;
- the use of resources to develop Crowdfund Devon to raise additional funding from partners;
- the need to avoid increasing inequality across the County by giving funding to those areas where it is not required;
- Chief Officers of the Voluntary Sector having greater input and engagement into the Health and Wellbeing Strategy; and
- concerns around young people and drugs, county lines, hidden harm and mental health issues in young people, and how this is managed by the Police and Partners and through the Community Safety Partnership.

It was **MOVED** by Councillor Leadbetter, **SECONDED** by Dr Pearson, and

RESOLVED that

- (a) the Board acknowledge the progress on the development of the Joint Strategy Needs Assessment and Joint Health and Wellbeing Strategy, raise awareness about the consultation process through their networks, and support task group work to finalise the strategy in September 2019; and
- (b) that the Safer Devon Partnership be invited to present a paper at the next meeting on the strategic needs of the Partnership and how this is achieved.

* **119 Learning Disability Partnership Board - Update**

The Board received a presentation from the Chair of the Learning Disability Partnership Board, providing an update on the work being undertaken to empower people with learning disabilities to become active citizens in their communities.

The key areas of the Presentation included:

- The Learning Disability Devon website was now live and people were finding it extremely helpful;
- Friendship Groups continue to be set up, which are important for people to make new friends and be able to go out in their community;
- Citizenship Project - Devon People First were working with people with learning disabilities in their communities to empower them to enact their rights and become active citizens. This included co-producing an easy read Citizenship pack that would support people with learning disabilities to become active citizens;
- ensuring that people's voices are heard by the Partnership Board and sharing that information with partner agencies;
- tackling employment and health inequalities by working with the Quality Checking Team, hosted by Devon Link-Up; and
- a focus on housing and making sure that people with learning disabilities had the same rights and opportunities to access social housing as everyone else.

Members' discussion points included:

- understanding the difficulties in navigating the Devon Home Choice website and the need to ensure this is as clear as possible for people with learning disabilities to enable them to access vital services;
- connections with the police to share information – it was noted that members of the Partnership Board sit on the Safer Devon Partnership;
- Devon Digital Lives scheme and making accessibility of websites for people with learning disabilities a focus for champions to work with the Partnership Board.

The Committee thanked the Chair of the Learning Disability Partnership Board for his attendance and speaking to Members.

* **120 NHS Long Term Plan**

The Board considered a report from the Joint Associate Director of Commissioning (DCC) on the approach to developing a wider Devon system plan in response to the NHS long-term plan. It was noted that Health and Wellbeing Boards and individual partners had a key role in shaping and delivering Devon's system plan and the broadened scope of the NHS Long Term Plan (LTP), particularly in seeking to strengthen action on prevention and inequalities, provided an opportunity for contributing and working in collaboration to address challenges at both local and system level.

The Board noted that national planning guidance has now been published and the Report provided an update on the process and timescale for developing the Devon system response to the LTP including the process for engagement and an update on population need and shared priorities for wellbeing that would inform the plan.

The Report also gave a description of the overall process and timescale although each system (Sustainability and Transformation Partnership area) was expected to develop its plan by autumn 2019. The process was designed to ensure that the local system plan was developed through involving local communities and delivery partners, using evidence of population need to inform priorities, building upon the existing agreed system plans and strategies, defining how outcomes would be delivered and how local and national good

practice initiatives would be adopted consistently and how financial stability and sustainability would be achieved.

The Board noted the Reports description of the plans for engagement at Locality, District, County and STP wide levels, including tier 1 – strategic engagement (Devon-wide), Devon virtual voices, focus groups and hard to reach groups.

In Devon, the Long-Term Plan development was being led through the Devon Sustainability and Transformation Partnership chaired by Dame Suzi Leather, with Phil Norrey in the role of interim Chief Executive. Each constituent NHS and Local Authority organisation would be key partners in both the development and delivery of the Long-Term Plan. Health and Wellbeing Boards, in their role of ensuring the delivery of improved health and wellbeing outcomes for the population, reducing inequalities, and promoting integration would play a key role.

The Board also noted that in relation to the Health and Wellbeing Board's in Devon, Plymouth and Torbay, it was proposed that a joint working arrangement was implemented to develop a common set of Health and Wellbeing priorities.

The Board, in discussion, highlighted and asked questions on;

- the provision of staffing, GPs and Nurses, across the Plan, with workforce supply being the single biggest restraint; and
- the need to develop a different model that treated people outside the A&E model currently used.

It was **MOVED** by Councillor Leadbetter, **SECONDED** by Dr Johnson, and

RESOLVED

(a) that the Board acknowledge the progress to date and the proposed process, timescales, materials and levels of engagement for the development of Devon's Long-Term Plan and endorses the robustness of the process before the engagement starts; and

(b) that the Board develops a joint working arrangement to agree a common set of Health and Wellbeing priorities and to maintain oversight of the implementation of the Long-Term Plan, insofar as it relates to the Devon STP geography in aggregate.

* 121

CCG updates

The Board received the Report of the Chair of the NHS Devon Clinical Commissioning Group which provided an update on CCG business, Devon-wide and national developments within the NHS. It was intended to provide the Board with summary information to ensure Members were kept abreast of important developments affecting the NHS.

The Board noted the updates in relation to CCG business, Devon wide issues and NHS updates including;

- the Primary Care Networks and that the CCG had approved 31 applications for Primary Care Networks (PCNs), all of which were under development;
- the CCG's inaugural Celebrating You Awards took place on 18 June, which had been set up in response to feedback from staff and recognised excellent achievement;
- the Annual Reports 2018/19 of Northern, Eastern and Western Devon CCG and South Devon and Torbay CCG were submitted to NHS England at the end of May and had now been published;
- embedding new values and behaviours in the CCG – the 'Working Together' group had met and discussed ways of embedding behaviours that supported the CCG's new values (One Team, Respect for All, Quality in everything we do and Everyone is a leader);
- NHS Long Term Plan update (see minute *120);

- Mental Health and that a garden co-designed by HRH The Duchess of Cambridge would be making its way to the Dewnans Centre at Langdon, Dawlish (the Devon Partnership NHS Trust had successfully bid for the garden, which had been displayed at the RHS Chelsea Flower Show); and
- an update on NHS 111 which had prevented more than 12 million unnecessary A&E visits.

RESOLVED that the Report be noted.

* **122 References from Committees**

Nil

* **123 Scrutiny Work Programme**

The Board received a copy of Council's Scrutiny Committee work programme in order that it could review the items being considered and avoid any potential duplications.

* **124 Forward Plan**

The Board considered the contents of the Forward Plan, as outlined below (which included the additional items agreed at the meeting).

<u>Date</u>	<u>Matter for Consideration</u>
Thursday 10 October 2019 @2.15pm	<p><u>Performance / Themed Items</u> Health & Wellbeing Strategy Priorities and Outcomes Monitoring Theme Based Item (TBC) Dementia Friends Training (TBC)</p> <p><u>Business / Matters for Decision</u> Better Care Fund Q2 Report Homelessness Report - 12 month update Child Poverty in Devon Safer Devon Partnership update Working Together Protocol for Strategic Partnerships in Devon - Update Devon's Safeguarding Adults Board annual report Children and Families Plan CCG Updates</p> <p><u>Other Matters</u> Scrutiny Work Programme / References, Board Forward Plan, Briefing Papers, Updates & Matters for Information</p>

RESOLVED that the Forward Plan be approved, including the items approved at the meeting.

* **125 Briefing Papers, Updates & Matters for Information**

Members of the Board received regular email bulletins directing them to items of interest, including research reports, policy documents, details of national / regional meetings, events, consultations, campaigns and other correspondence. Details were available at; <http://www.devonhealthandwellbeing.org.uk/>

No items of correspondence had been received since the last meeting.

* **126 Dates of Future Meetings**

RESOLVED that future meetings and conferences of the Board will be held on:

Thursday 10 October 2019 @ 2.15pm
Thursday 16 January 2020 @ 2.15pm
Thursday 9 April 2020 @ 2.15pm

***DENOTES DELEGATED MATTER WITH POWER TO ACT**

The Meeting started at 2.15 pm and finished at 4.00 pm

NOTES:

1. Minutes should be read in association with any Reports or documents referred to therein, for a complete record.
2. The Minutes of the Board are published on the County Council's website at <http://democracy.devon.gov.uk/ieListMeetings.aspx?CId=166&Year=0>
3. A recording of the webcast of this meeting will also be available to view for up to six months from the date of the meeting, at <http://www.devoncc.public-i.tv/core/portal/home>

Devon Learning Disability Partnership Board - Update

Devon Health and Wellbeing Board

11 July 2019

Presented by

Robert Hawken and Sophie Holmes

Devon Learning Disability Partnership Board Co-Chairs

Introduction

Firstly, we would like to thank you for inviting us to talk about the work of the Devon Learning Disability Partnership Board.

When we came to your December meeting we talked about the work we are doing to empower people with learning disabilities to become active citizens in their communities.

I am going to update the Board on how we are getting on.

Accessible Website

The website, Learning Disability Devon, is now live and people are telling us how helpful it is to them.

We are receiving requests for more information to be available but it does take time as we have to make it accessible first.

The website address is

www.learningdisabilitydevon.org.uk

Friendship Groups

Friendship groups continue to be set up.

In June I attended a Friendship group in Newton Abbott which we filmed.

<https://www.youtube.com/watch?v=WnbYpMhcsxE>

About 25 people attended and everyone enjoyed themselves. Its important for people to make new friends and be able to go out in their community.

The next group to be set up will be in Crediton.

Citizenship Project

Devon People First are working with people with learning disabilities in their communities to empower them to enact their rights and become active citizens .

Together they will co-produce an easy read Citizenship pack that supports people with learning disabilities to become active citizens. The pack will also include information about local services like health and housing etc.

.

Citizenship Project

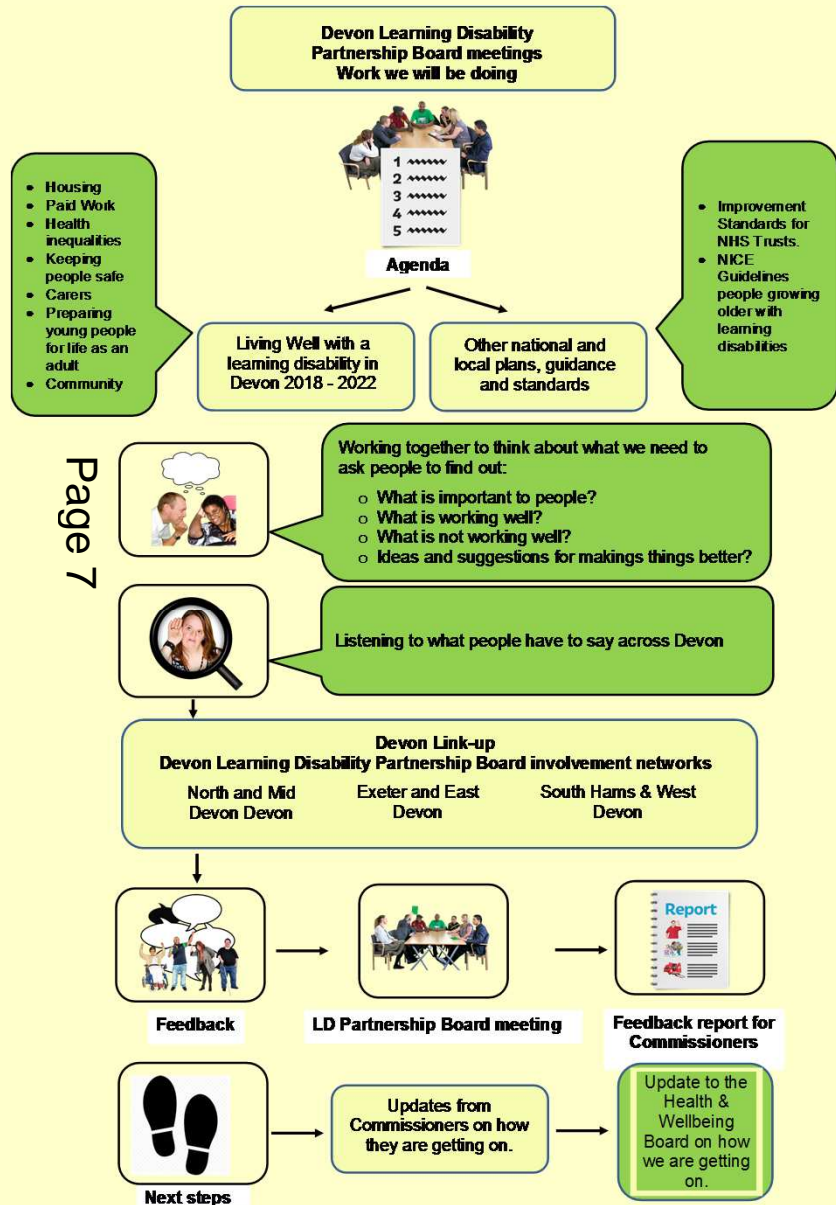

They will also co-produce a Citizenship pack that supports universal services, local groups and businesses to help them understand the needs and rights of people with a learning disability in their communities.

Both packs will be available on the Accessible website.

I am working with People First on this project and I attended the first meeting in Crediton in June.

Making sure people's voices are heard

- The Board meets every two months.
- In between meetings, **Devon Link-Up** talk to people across Devon about the key areas of focus in the strategy.
- People's views are then shared with the Partnership Board.
- We feed back all the information to health and social care commissioner and would like to share this with the Health and Wellbeing Board as well.

Employment and Tackling Health Inequalities

- We are working closely with the **Quality Checking team** who are hosted by Devon Link-Up.
- 14 people with learning disabilities and autism were recruited in January
- The team have developed 4 quality standards. They will check the delivery of health services in hospitals, GP and Dentist surgeries and make recommendations for improvements.
- The team were introduced to the Partnership Board in May and will report their progress at each meeting, starting in July.

Our next key area of focus is housing

This is what people have told us....

"I was able to choose where I live and I like living in Crediton."

Page 9

"I want to know what options my son has to make the move to live independently"

"I like living with people my own age."

"We don't talk early enough about planning for when parents die. Its important to talk about options early on."

"It is not accessible and difficult for me to get what I need from the District Councils."

"I want a better house that is not cold and damp - I had to stay 2 nights in a Premier Inn as the conditions are so poor."

"I am worried about whether my grown up child can live by themselves. I worry that they will be vulnerable."

Minute Item 119

Devon Home Choice

Many people we told us they are not aware they can apply to go on the housing register. Those who have applied find the system difficult to manage, with some giving up.

We want to make sure that people with learning disabilities have the same rights and opportunities to access social housing as everyone else.

Thank you for listening

Our aim is to ensure that the Learning Disability Partnership Board is visible and influential across the Health and Social Care system in Devon

We appreciate the Health and Wellbeing Board's support in making this happen.

Your views are welcome...
