The Committee considered the Joint Report of the Jurassic Coast Trust and the Council's Head of Planning, Transportation and Environment (PTE/19/28), presented by the Council's Natural Environment Officer and Mr J Wokersien from the Jurassic Coast Trust.

The East Devon Coast between Orcombe Point and Lyme Regis formed part of the Dorset and East Devon Coast World Heritage Site (WHS), otherwise known as 'The Jurassic Coast', information for which could be found at: <https://jurassiccoast.org/>.

The site management plan was updated every six years and demonstrated to UNESCO that the globally significant site was being managed in a way that met the UK Government's obligations to the World Heritage Convention. Responsibility for the management of the Dorset and East Devon Coast WHS was devolved to Dorset and Devon County Councils. The management plan will be presented as a 'Partnership Plan'.

Since July 2017, the Jurassic Coast Trust, a registered charity, had been in receipt of a grant from both Councils to take responsibility for maintaining the partnership of stakeholders along the 95-mile site and involved them in the creation and implementation of the WHS Partnership Plan.

The Report outlined the process being undertaken by the Jurassic Coast Trust to develop the Partnership Plan and sought approval for the approach to its public consultation. The public
