

HEALTH AND WELLBEING BOARD

16 July 2020

Present:-

Devon County Council

Councillors A Leadbetter (Chair), R Croad, J McInnes, B Parsons and C Whitton

Dr Virginia Pearson, Chief Officer for Communities, Public Health, Environment and Prosperity

Dr Paul Johnson, Devon Clinical Commissioning Group

Jeremy Mann, Environmental Health Officers Group

Diana Crump, Joint Engagement Forum

Phillip Mantay, Devon Partnership NHS Trust

Councillor Andrew MacGregor, Teignbridge District Council

Nick Pennell, Health Watch Devon

Kate Stephens – Head of Public Health Nursing (Substitute)

Shelly Machin – Torbay & South Devon NHS Trust (Substitute)

Keri Storey – Head of Adult Care Operations & Health (Substitute)

Apologies:-

Jennie Stephens, Chief Officer for Adult Care and Health

Jo Olsson, Chief Officer for Childrens Services

Adel Jones, Torbay and South Devon NHS Foundation Trust

* **156** **Election of the Chair**

RESOLVED that Councillor Leadbetter be elected Chair of the Board for the ensuing year.

* **157** **Appointment of Vice Chair**

RESOLVED that Dr P Johnson be elected Vice Chair of the Board for the ensuing year.

* **158** **Welcome from the Chair**

The Chair welcomed all Members to the meeting, including new Member Nick Pennell from Health Watch Devon.

* **159** **One Minute's Silence**

The Board observed a minute's reflection for those people who had lost their lives or had been affected by the Coronavirus.

* **160** **Message of thanks from the Chair**

The Chair and Board thanked all the frontline workers, NHS colleagues, healthcare workers and council staff for their continued efforts and hard work during the pandemic.

* **161** **Minutes**

RESOLVED that the minutes of the meeting held on 16 January 2020 be signed as a correct record.

* **162** **Items Requiring Urgent Attention**

There were no items requiring urgent attention.

* **163** **Responding to the COVID-19 Pandemic**

The Committee considered the Report of the Chief Officer for Communities, Public Health, Environment and Prosperity on an overview of the COVID-19 Pandemic and context for the impact on the Health and Care system and the responses.

The Report covered national preparation for pandemics through modelling, the impact of social distancing measures including data on the population and international comparisons, deaths in Devon and the future including identified risks and implications, financial, legal and equality considerations.

The Government recently asked Upper Tier and Unitary Local Authorities to establish COVID19 Health Protection Boards (chaired by their Directors of Public Health) and Local Outbreak Engagement Boards (Chaired by Leaders) to ensure outbreaks of COVID-19 could be managed at local level. The Local Outbreak Management Plan had now been published and Devon County Council had been selected as a 'Beacon Council' in the South West to develop and share best practice, one of eleven nationally.

The Board, in discussion, highlighted and asked questions on:

- People in Devon had generally been complying with social distancing and hygiene measures to manage the spread of infection;
- Low number of deaths in Devon – there had been a greater proportion of deaths in care homes, however Devon was still one of the lowest rates recorded in the country;
- A massive increase in demand on health protection services during April, pressures on NHS and social care colleagues and pressure on intensive care and hospitals;
- Good preparation and work by the wider community and colleagues to act quickly in managing infection rates;
- The current picture very positive – last week in Devon there was 11 positive cases, no deaths – 149 out of 150 local authorities for rate of Covid-19;
- More detailed analysis was being carried out by public health on the number of excess deaths in Devon;
- that social care and NHS staff had risen to challenge during the pandemic – but also the people of Devon who listened to advice around isolation and lockdown; and,
- End point of analysis – bring report back to future HWBB meeting to show figures and statistics.

It was **MOVED** by Councillor Leadbetter, **SECONDED** by Dr Johnson, and

RESOLVED that the Report be noted and a future item on the end point of analysis be added to the work programme.

* **164** **Priorities for Recovery**

The Board received a presentation from the Chief Officer for Communities, Public Health, Environment and Prosperity on the priorities for recovery, including: *(a copy of the presentation is attached to these minutes)*

Impact of Covid-19 in Devon

- health and care impact: 1,208 confirmed cases and 211 deaths; impact of lockdown on mental health, loneliness and general wellbeing;
- Confirmed cases and deaths per 100,000 population by each district area;

- UK health services impact: access to services, delivery of secondary care, hospital admissions, mental health services, adult social care, and early help services;
- UK Health Behaviours impact on drinking, smoking, physical activity and diet;
- Economic impact – number of people furloughed, increase in job seekers allowance, decline in spending, household debt, affecting certain communities more, educational attainment, job security, household income and work environment;
- Rates of unemployment – increase in claimant count rate above national average and small tourist towns most affected;
- UK social impact – loneliness and isolation, social cohesion increased, domestic violence and abuse, social disorder and safeguarding issues;
- Devon Environmental Impact – fall in road transport, drop in fuel consumption, drop in carbon emissions by 23%; and,
- The vast increase in use of cycling during lockdown.

Joint Health and Wellbeing Strategy - Vision and Priorities

- Is the JHWS still fit for purpose?
- Wider determinants of health and mental health – lack of employment and loneliness effects;
- Impact on young people, education and wider benefits of school, social interaction etc (priority 2c)
- Infectious diseases are very real and important – priority 4, talking about maximising/encouraging immunisation programmes and promoting benefits of vaccinations (flu/pneumonia and child vaccines) – **add – promoting public health interventions to prevent the spread of infectious disease**

Learning from Covid-19 response

- Healthwatch report – this would contribute to discussions on learnings from Covid-19 – NP will pass on to Members once produced;
- Physical health and weight a factor for Covid-19 – it was important to increase the levels of exercise amongst the population;
- Public services had pulled together through the pandemic and there had been more joined up and partnership working – it was important to ensure this continued beyond the pandemic;
- Clear national messaging required – there had been some confusion;
- Speed and efficiency of local authorities, communities and voluntary groups that came together and set up local community support, to help coordinate support for local residents;
- the national approach made action in localities difficult at times - further work was needed to look at care homes and vulnerable groups;
- at times there was a conflict in dynamics between the national directive and local work e.g. volunteering approach;
- how technology had been used throughout Covid-19 – including online virtual meetings; but also health, local government, police and voluntary work had continued during the pandemic through the virtual world – this must continue moving forward; and,
- Devon County Council had improved digital capabilities a lot in the last few years which had helped immensely moving through the pandemic.

Discussion points with Members included:

- a lack of consistency across GP and NHS delivery for non-essential things; a clear and consistent strategy across Devon was required;
- Cycling – this would likely tail off as people go back to work and don't have as much time to go out cycling;
- Impact of pandemic on voluntary and community sector as a whole?

- Impact on social prescribing programmes and how they have adapted and utilised opportunities to work very differently during Covid-19;
- Protective groups, impact on these groups?
- Stages of Covid-19 – burnout was mentioned, this is a real danger as so many people have pushed beyond their normal limits to put Devon in a positive position – with a potential resurgence in autumn/winter, how do we support those people that have already worked so hard to give them some recovery time to avoid burnout if there is a second wave?;
- Two positive trends around public participation and improving social cohesion, were these trends here to stay or will they likely revert to pre-pandemic levels; and,
- the hardcopy info sheets newspaper published by DCC and police updating households about coronavirus, also includes information on contacting their GPs and NHS should they have any illnesses.

It was **MOVED** by Councillor Leadbetter, **SECONDED** by Cllr Parsons, and

RESOLVED that the presentation be noted and 'promoting public health interventions to prevent the spread of infectious disease' be added to priority 4 of the Joint Health and Wellbeing Strategy.

* 165

Local Outbreak Management Plan

(Councillor Brazil attended remotely in accordance with Standing Order 25(2) and the Local Authorities and Police and Crime Panels (Coronavirus) (Flexibility of Local Authority and Police and Crime Panel Meetings) (England and Wales) Regulations 2020 and spoke to this item).

The Board considered the Report of the Director of Public Health (Chief Officer for Communities, Public Health, Environment and Prosperity) giving an update on the Local Outbreak Management Plan (LOMP) and the associated (non-statutory) governance arrangements.

The Board noted that on 22nd May 2020, Government announced new arrangements for Local Authorities to take a lead role in the management of COVID-19 as lockdown was released. This required Upper Tier Local Authority (County Councils and Unitary Authorities) to publish a Local Outbreak Management Plan by 30th June 2020.

As part of this process, upper tier Local Authorities had to establish COVID-19 Health Protection Boards, which were multi-agency strategic partnerships, non-statutory, working to detect, manage and contain outbreaks of COVID-19, working under the existing statutory duties of the Director of Public Health. This Board would be chaired by the Director of Public Health and its role was to oversee the Local Outbreak Management Plan and resource deployment via tactical and operational management, data and intelligence (with Joint Biosecurity Centre), leading the local Public Health response with Public Health England (and NHS Test and Trace) and assurance and reporting to other groups as required.

Councils were also required to establish Local Outbreak Engagement Boards which were also non-statutory and designed to provide political oversight of the local delivery of the Local Outbreak Management Plan and the local response as well as communicating and engaging with residents, businesses and communities. This Engagement Board would be chaired by the Leader of the Council.

It was noted that Local Outbreak Management Plans were dynamic and would be updated according to local need and any change in national requirements.

The Government had allocated £300 million to Upper Tier Local Authorities in the form of a ring-fenced Local Authority Test and Trace grant to support this work and the Council's allocation was £2,618,508.

It was **MOVED** by Councillor Leadbetter, **SECONDED** by Dr Johnson, and

RESOLVED that the Local Outbreak Management Plan and the associated (non-statutory) governance arrangements be noted.

* 166 **Devon Joint Health and Wellbeing Strategy: Priorities and Outcomes Monitoring**

The Board considered a Report from the Chief Officer for Communities, Public Health, Environment and Prosperity on the performance for the Board, which monitored the priorities identified in the Joint Health and Wellbeing Strategy for Devon 2020-25. The Report was themed around the four Joint Health and Wellbeing Strategy 2020-25 priorities and included breakdowns by South West benchmarking, local authority district and local authority comparator group.

These priority areas included:

- Create opportunities for all;
- Healthy, safe, strong and sustainable communities;
- Focus on mental health; and
- Maintain good health for all.

The following indicators below had all been updated since the last report: *(the presentation was attached to these minutes)*

- Adult excess weight – 60.7% across Devon
- Proportion of physically active adults – 74.8% across Devon
- Fruit and veg consumption – 63.4% across Devon

The outcomes report was also available on the Devon Health and Wellbeing website www.devonhealthandwellbeing.org.uk/jsna/health-and-wellbeing-outcomes-report

It was **MOVED** by Councillor Leadbetter, **SECONDED** by Dr Pearson, and

RESOLVED that the performance report be noted and accepted.

* 167 **Joint Commissioning in Devon, the Better Care Fund and Governance Arrangements**

The Board considered a joint Report from the Associate Director of Commissioning (Care and Health) and NHS Devon Clinical Commissioning Group (CCG) on the Better Care Fund (BCF), Quarter Return, Performance Report and Performance Summary. Regular Reports were provided on the progress of the Devon Better Care Fund Plan to enable monitoring by the Health and Wellbeing Board.

Performance and progress was reviewed monthly by the Joint Coordinating Commissioning Group through the high level metrics reports and progress overview.

It was **MOVED** by Councillor Leadbetter, **SECONDED** by Dr Johnson, and

RESOLVED that the Quarter 4 Better Care Fund return be approved by the Board and submitted to NHS England in accordance with its timescales.

168 **Scrutiny Work Programme**

The Board received a copy of Council's Scrutiny Committee work programme in order that it could review the items being considered and avoid any potential duplications.

* 169 **Forward Plan**

The Board considered the contents of the Forward Plan, as outlined below (which included the additional items agreed at the meeting).

<u>Date</u>	<u>Matter for Consideration</u>
Thursday 8 October 2020 @ 2.15pm	<p><u>Morning Session</u> Dementia Friends Training JSNA Tool Training session</p> <p><u>Performance / Themed Items</u> Health & Wellbeing Strategy Priorities and Outcomes Monitoring Theme Based Item (TBC)</p> <p><u>Business / Matters for Decision</u> Better Care Fund Adults Safeguarding annual report Gap in employment rate for those with mental health Strategic Approach to Housing Safer Devon Partnership update Homelessness Reduction Act Report - 12 month update Health Protection Committee Update Strategic Economic Assessment & Development Strategy (Presentation) Mental Health Prevention Concordat Action Plan - update CCG Updates</p> <p><u>Other Matters</u> Scrutiny Work Programme / References, Board Forward Plan, Briefing Paper Updates & Matters for Information</p>
Thursday 21 January 2021 @ 2.15pm	<p><u>Performance / Themed Items</u> Health & Wellbeing Strategy Priorities and Outcomes Monitoring Theme Based Item (TBC)</p> <p><u>Business / Matters for Decision</u> Better Care Fund - frequency of reporting TBC JSNA / Strategy Refresh Children's Social Care Services OFSTED update (look at report) Population Health Management & and Integrated Care Management (Presentation) CCG Updates</p> <p><u>Other Matters</u> Scrutiny Work Programme / References, Board Forward Plan, Briefing Paper Updates & Matters for Information</p>
Annual Reporting	Adults Safeguarding annual report (September / December) Joint Commissioning Strategies – Actions Plans (Annual Report – December) JSNA / Strategy Refresh – (June)
Other Issues	Equality & protected characteristics outcomes framework

RESOLVED that the Forward Plan be approved, including the items approved at the meeting.

* 170

Dates of Future Meetings

RESOLVED that future meetings and conferences of the Board will be held on:

Meetings

Thursday 8 Oct 2020 @ 2.15 pm

Thursday 21 Jan 2021 @ 2.15 pm

Thursday 8 Apr 2021 @ 2.15 pm

Please note that dates of future meetings and conferences will be included in the Devon County Council meetings calendar. All future meetings will take place virtually, unless otherwise stated.

***DENOTES DELEGATED MATTER WITH POWER TO ACT**

The Meeting started at 2.00 pm and finished at 4.05 pm

NOTES:

1. Minutes should be read in association with any Reports or documents referred to therein, for a complete record.
2. The Minutes of the Board are published on the County Council's website at <http://democracy.devon.gov.uk/feListMeetings.aspx?CId=166&Year=0>
3. A recording of the webcast of this meeting will also be available to view for up to six months from the date of the meeting, at <http://www.devoncc.public-i.tv/core/portal/home>

Devon: Impact on Health and Care

- 1,208 laboratory confirmed cases to date
- 211 deaths to date
- Low current cases and very few recent deaths
- Decreases in overall levels of routine & emergency healthcare activity not related to COVID-19
- Increases in use of telehealth / online consultation
- Considerable impact on nursing home population
- Impact of COVID-19 and lockdown on loneliness, mental health and general wellbeing

UK Health Services Impact (LJMU)

Minute Item 164

Impact	Type of Impact	Likelihood of Impact	Findings
Delivery of secondary care	Negative	Definite	Suspension of many services
Planned hospital admissions	Negative	Definite	Substantial activity reduction
Care for long-term conditions	Negative	Definite	Disruption to care, particularly hospital-based
Cancer screening and treatment	Negative	Definite	Reduced referrals and activity
Mental health services	Negative	Probable	Some difficulties with access
Adult social care	Negative	Definite	Availability/quality impacted
Health seeking for urgent care needs	Negative	Definite	Reduction in urgent care attendances esp. aged 0-6
Early help services for children/families	Negative	Definite	Ability of services to support families seriously affected
Routine immunisation	Negative	Probable	Did fall but may be improving

Health and Wellbeing

Committed to promoting health equality

UK Health Behaviours Impact (LJMU)

Impact	Type of Impact	Likelihood of Impact	Findings
Drinking	Negative	Probable	Increase in drinking for those drinking more often pre-lockdown
Smoking	Positive	Probable	Increase motivation to quit and stay smoke free
Physical Activity	Negative	Possible	Behaviours disrupted, least active pre-lockdown finding it hardest
Diet	Negative	Possible	Studies outside UK suggest eating and snacking has increased

Minute Item 164

Devon: Economic Impact

- 21,900 people on Job Seekers Allowance in June compared to 8,300 in February
- 105,400 people furloughed (32% of workforce)
- Increases in job seekers allowance seen everywhere but greatest in small towns reliant on tourism and service sectors
- Overall decline in spending, increase in saving
- Household Debt, Food and Fuel Poverty exacerbated
- Impact disproportionately affecting certain communities

Page 8

Health and Wellbeing

Committed to promoting health equality

UK Economic Impact (LJMU)

Impact	Type of Impact	Likelihood of Impact	Findings
Educational attainment	Negative	Possible	Inequalities in home learning activities and access
Job security and opportunity	Negative	Definite	Increase in benefits. Young and lowest earners impacted most
Household incomes	Negative	Definite	Have fallen, particularly for lowest earners / single parents
Work environment	Unclear	Unclear	Limited evidence, inequalities for some in home working ability
Predicted economic impact	Negative	Probable	Predicted economic downturn with significant health impacts

Minute Item 164

Source: Liverpool John Moores University (July 2020) 'Direct and indirect impacts of COVID-19 on health and wellbeing'

Claimant Count (Unemployment)

Increase in claimant count rate above national levels, with small tourist/service oriented towns most affected

Area	Feb 2020	May 2020	Increase Feb-Jun
Salcombe area	20	130	550%
Croyde area	30	165	450%
North Dartmoor	30	165	450%
Teign Estuary	25	125	400%
Kingsbridge area	25	120	380%

Furloughed Workers, June 2020

Local Authority	Number Furloughed	Eligible Employees	Percentage
East Devon	19,100	58,000	33%
Exeter	16,500	58,200	28%
Mid Devon	10,400	36,300	29%
North Devon	13,800	40,400	34%
South Hams	11,300	33,300	34%
Teignbridge	19,100	57,200	33%
Torrige	9,000	25,700	35%
West Devon	6,400	21,000	30%
Devon	105,400	330,100	32%

Page 11

Minute Item 164

UK Social Impact (LJMU)

Impact	Type of Impact	Likelihood of Impact	Findings
Civic Participation	Positive	Definite	Many new volunteer groups established and supported
Social Cohesion	Positive	Possible	Majority of adults believe country is more united
Social Isolation and Loneliness	Negative	Probable	Wellbeing and loneliness impacted esp. young adults, women, living alone, urban residents, low income groups
Family Violence and Abuse	Negative	Probable	Domestic and family violence increased. Helpline use up
Social Disorder	Unclear	Unclear	Robbery and assault lower but risk of young people being recruited by gangs up
Hidden Safeguarding Issues	Negative	Probable	Access to support reduced, affecting vulnerable families

Source: Liverpool John Moores University (July 2020) 'Direct and indirect impacts of COVID-19 on health and wellbeing'
<https://www.ljmu.ac.uk/~media/phi-reports/2020-07-direct-and-indirect-impacts-of-covid19-on-health-and-wellbeing.pdf>

Devon Environmental Impact

- Fall in road transport during lockdown (60% below expected levels in Devon in April/May)
- Electricity, gas and other fuel consumption also fell during this period in Devon
- Estimated carbon emissions dropped 23% in Devon at peak of lockdown (April/May)
- Since reopening motor vehicle usage on increase with risk of greater use due to public transportation avoidance

UK Environmental Impact (LJMU)

Impact	Type of Impact	Likelihood of Impact	Findings
Housing Security	Negative	Possible	Housing insecurity due to economic situation
Housing Quality	Negative	Possible	Exacerbated by increased time at home
Access to Green Space	Negative	Definite	Inequalities in green space access (private and public)
Digital Access	Negative	Possible	Inequalities in access
Transport	Unclear	Unclear	Reduced car journeys but may be short-lived
Air Pollution	Unclear	Unclear	Big lockdown reductions, but now nearing previous levels
Recycling and Waste Disposal	Negative	Possible	Increased fly-tipping
Food Security	Negative	Definite	Food need and insecurity greatly increased

Joint Health and Wellbeing Strategy 2020-25

Discussion

JHWS Vision and Priorities

Is it still fit for purpose? Any additional post COVID-19 priorities? What should we emphasise?

Vision: Health outcomes and health equality in Devon will be amongst the best in the world and will be achieved by Devon’s communities, businesses and organisations working in partnership.

Priority 1. Create opportunities for all <i>Inclusive economic growth, education and social mobility</i>	Priority 2. Healthy, safe, strong and sustainable communities <i>Creating conditions for good health and wellbeing where we live, work and learn</i>	Priority 3. Focus on mental health <i>Building good emotional health and wellbeing, happiness and resilience</i>	Priority 4. Maintain good health for all <i>Supporting people to stay as healthy as possible for as long as possible</i>
<p>a. Narrow gaps in educational attainment and adult skills</p> <p>b. Reduce levels of child poverty</p> <p>c. Support economic growth in more disadvantaged areas</p> <p>d. Increase social mobility</p>	<p>a. Improve housing conditions, reduce homelessness and increase supply of appropriate, high-quality housing</p> <p>b. Create conditions for good health, physical activity and social interaction</p> <p>c. Support healthy workplaces and schools</p> <p>d. Help keep communities and individuals safe</p>	<p>a. Reduce loneliness in all age groups</p> <p>b. Identify people at risk and intervene to improve poor mental health as soon as possible</p> <p>c. Proactively address the mental health consequences of trauma and adverse childhood experiences</p> <p>d. Promote a positive approach to mental health and wellbeing</p>	<p>a. Prevent ill health by enabling people to live healthier lives</p> <p>b. Detect disease in the early stages to reduce impact on health</p> <p>c. Support those living with long-term conditions to maintain a good quality of life</p> <p>d. Support carers to improve and maintain their own health and wellbeing</p>

Learning from the COVID-19 Response

Page 18

Discussion

Health and Wellbeing

Committed to promoting health equality

Learning from the COVID-19 Response

Discussion Points

- What has worked well in the health, local authority and community response?
- What has not worked so well?
- What new opportunities now exist for improving population health and wellbeing?

Page 19

Minute Item 164

Health and Wellbeing

Devon
County Council

Devon Health and Wellbeing Board

Outcomes Reporting

July 2020

Health and Wellbeing

Committed to promoting health equality

Introduction

- The H&WB outcomes report monitors priority measures identified in the Joint Health and Wellbeing Strategy (2020-25)
- On a quarterly basis updated outcome measures will be presented to the board
- Recommended that the H&WB note the updated H&WB outcomes report

Outcome measures

Important notes

- Value for Devon alone may mask the inequalities within this large footprint
- Considerable variation across district areas which presents opportunities to target efforts and improve outcomes
- Some priority areas present more challenge particularly across more upstream indicators
- Devon trend identifies outcome measures that:
 - Are emerging challenges
 - Challenges that continue to remain the same
 - Improving challenges
- Approach RAG ratings with caution. It is an indication of statistical significance when comparing regionally and nationally.
- Trends need to be looked at in the context of what is happening regionally and nationally.

Updated Indicators

- Adults excess weight
- Proportion of physically active adults
- Fruit and Veg consumption (5 a day)

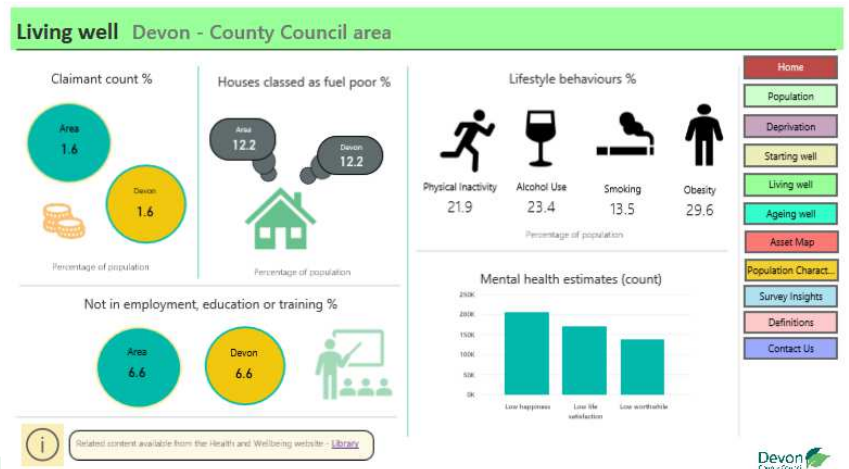

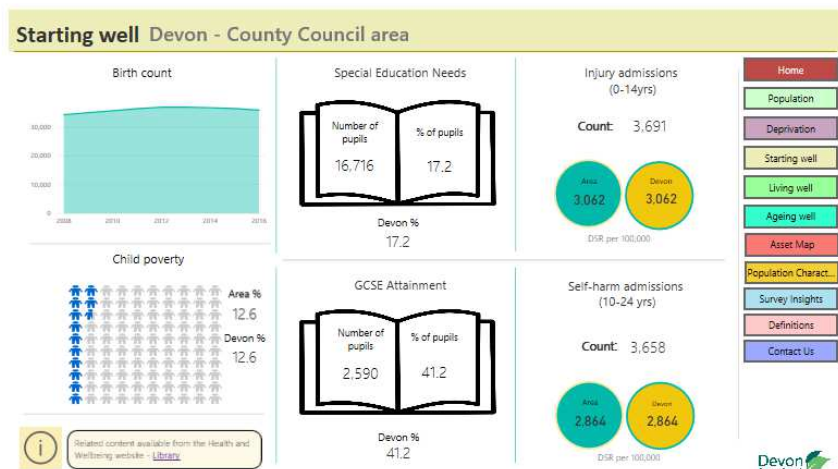

Devon	Trend	Variation	Deprivation
60.7%		Mid Devon 67.9% East Devon 55.7%	Little association
74.8%		Torrige 71.5% East Devon 78.8%	Lower % associated with more deprived areas
63.4%		Torrige 58.6% East Devon 68.1%	Lower % associated with more deprived areas
