* **73** Highways Permit Scheme

The Committee received a presentation from the Assistant Project Manager on the proposed permit scheme for approving works on the highway and the introduction of statutory regulations. The presentation covered:

- the current noticing system for informing the County Council as Highways Authority of proposed road works;
- the Council's statutory duty to co-ordinate works and reduce disruption;
- the requirement for all local authorities to consider introducing a scheme by April 2020;
- the project timeline;
- the scope covering all statutory undertakers and DCC Highway works and in phase 2 all other privately licensed works;
- types of highway works included in the proposed scheme;
- permit discounts available for recommended good practice; and
- range of conditions.

Discussion points with the Officers included:

- the co-ordination of works to enable better management and less disruption;
- that retrospective permits could be applied for in emergency situations, e.g. for gas or water leaks;
- significant street works were notified to towns and parishes where a TTRO/TTRN was required and agreed streetworks could be seen at www.roadworks.org;

- there was a year's embargo on digging up a road again once resurfaced (unless emergency);
- that fixed penalty notices could be issued for works overrunning or if different to the permit issued, although permits could be varied; and
- the proposed timeline included a period for consultation before 'going live' in March 2020;

[N.B. the presentation is attached and additional information on the Permit Scheme is available at www.devon.gov.uk/workspermit-scheme]

* 74 **Proposed signalised Toucan crossing - Honiton Road (Blackhorse Village), Broadclyst**

The Committee received the Report of the Head of Planning, Transportation and Environment (PTE/19/44) which sought approval for a signalised toucan crossing across Honiton Road in Blackhorse village in Broadclyst.

The report highlighted how the crossing would allow the first stage of the Clyst Valley Trail to be progressed enabling cyclists and pedestrians to cross Honiton Road to travel to and from Sowton village. It would also improve access for pedestrians travelling to and from the local bus stop in Blackhorse Lane and provide a gateway feature for through traffic approaching or exiting Blackhorse village.
