

Changes to the Constitution

Report of the County Treasurer

Please note that the following recommendation is subject to confirmation by Committee before taking effect.

Recommendation: that Members approve the proposed changes to the Constitution as outlined below.

1. Background

- 1.1. Part 5c of the Constitution relates to Financial Regulations for which there are some elements now in need of updating.
- 1.2. Proposed changes are outlined in the following sections of this report and highlighted in detail in the attached appendix.
- 1.3. Consultation has been undertaken with Legal Services where appropriate.

2. Financial Planning and Control of Expenditure

- 2.1. Capital Expenditure and Leasing (B12) – The Capital programme must be submitted to Cabinet for approval. The introduction of new capital items after the Capital Programme has been approved requires advance approval in line with the table of delegation set out in section B12.8. Full Cabinet approval is required for items in excess of £1Million.
- 2.2. Learning from COVID19 has shown that there is a need to respond swiftly to implement changes linked to additional external funding, some of which is time limited.
- 2.3. It is therefore proposed that the table of delegation be adjusted to clarify that changes in excess of £1Million that are externally funded be approved by the Chief Finance Officer/Deputy in conjunction with the Capital Programme Group and relevant Cabinet Member via FIN letter. Any match funding required will follow the normal approval route.

3. Risk Management and Control of Resources

- 3.1. Financial regulations are needed to protect the assets and resources of the Council. It is important that internal controls promote economic, efficient and effective use of resources.
- 3.2. Staffing (C17) - the Council's policy requires that Chief Officers be responsible for ensuring there is a staffing strategy in place that matches staffing requests and budget allocations. Staffing establishments are approved alongside the annual budget. Any subsequent increase in staffing levels require the approval of the appropriate Cabinet Member.

- 3.3. Learning from COVID19 has shown that there is a need to flex our workforce as circumstances change. Often there is a need to implement changes swiftly and in the most efficient way possible in response to changes in demand and funding.
- 3.4. At the same time, implementation of recruitment modules as part of the iTrent Human Resource Management System (HRMS) provides an opportunity to review existing policies and to automate process flows to deliver additional efficiencies.
- 3.5. In response, Leadership Group is recommending the following changes to financial regulations in respect of subsequent increases in staffing levels;
 - I. Any increase in establishment levels for which funding exists will require the approval of the Chief Officer and the County Treasurer.
 - II. Any increase in establishment levels which require additional funding will require the approval of the appropriate Cabinet Member.
