DF/22/07 Devon Pension Board 2<sup>nd</sup> February 2022

# MONITORING OF CONTRIBUTIONS

Report of the Director of Finance

Please note that the following recommendations are subject to consideration and determination by the Committee before taking effect.

Recommendation: that the Board be asked to note the actions taken to monitor the contributions.

#### 1. Introduction

- 1.1. This report is to update the Pension Board on the current procedures for monitoring of timely payment of contributions from employers
- 1.2. Employers are required to make their monthly contributions to the fund by the 7<sup>th</sup> of the month in accordance with the Administering Authority discretions. The legal deadline is however later than this on the 19<sup>th</sup> of month where payment is made by cheque or 21<sup>st</sup> of the month where payment is made electronically.
- 1.3. Where contributions are received after the legal deadline and the Authority considers that late payment is of material significance, we have the duty to notify the Pensions Regulator of the employer's failure to meet the legal deadline.

### 2. Monitoring process

- 2.1. Employers are required to submit a remittance advice with their contributions. The Finance team within Peninsula Pensions record the payments received onto the Fund's finance system. Staff in the investment team update a database which records the contributions and also checks that they are in line with the rate certified by the actuary.
- 2.2. The date that the contribution was received is also recorded in order to monitor compliance with the legal requirements.
- 2.3. The table below shows a summary of the monthly contributions received in Q2 2021/22. For each scheme employer, 3 contributions would be recorded and included in the table below except for those employers who joined or left the fund during the period.
- 2.4. A total of 8 contributions were received late during this quarter, down from 16 in Q1. Of the contributions received late, these were in the main one off events for a number of employers rather than repeat offenders and often received just after the deadline. Of the 8 contributions, 3 related to a new admitted body who paid their initial contributions after completion of the

admission agreement. Officers are in contact with one Academy where a trend of late payments is developing. We will keep the board aware of any developments but in the meantime no action was taken to report the 8 late contributions to the Pensions Regulator.
