

GRACE

Grace's original concept. The 'petals' need to line up better but the idea is there.

Tidying up Grace's idea and swapping devon around. Using this concept to show how a letterhead could look....

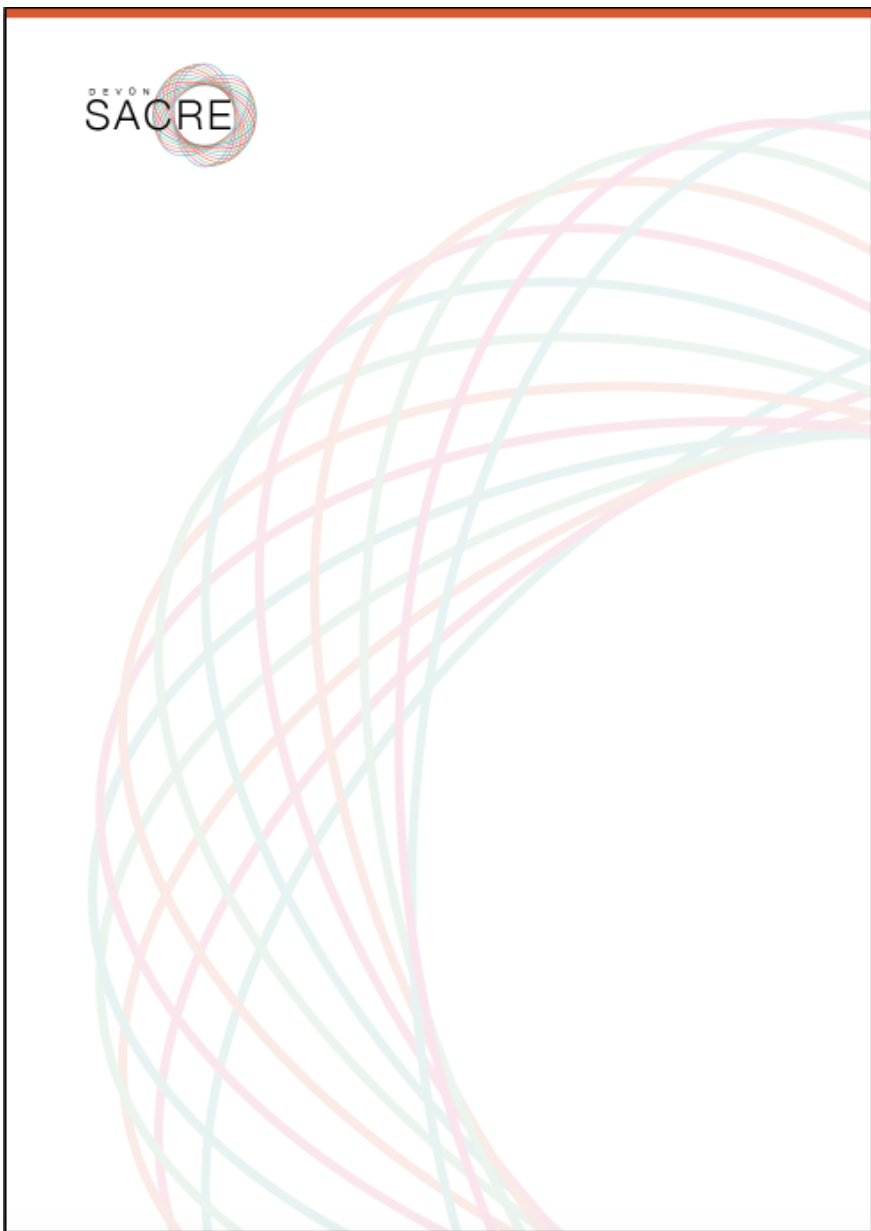

Half the flower

Layered over the top

Miley's original concept.

Same idea but with a focus on the RE through colour . Letterhead possibility...

Variations of Miley's idea, with purple text, swapped over.

**DEVON
SACRE**

**D E V O N
SACRE**

Using Gabz's original idea but simplifying the stripes might be another option. Other colour choices?
