O3	Failure to work effectively across clients to identify cross cutting themes and issues, and report on best practice that relate to many of the clients – for instance on climate change and environmental considerations.	2	3	6	Managers to educate staff to consider the benefits of partnership working and to learn from partners.  Make best use of supporting networks – e.g. LACAN, Audit Together.	Oct 2020 2	2	4	Ongoing reminders to team (including new starters) of the networks available, and the need to work across all our partners.  DAP Development Forum to cover the issue	Management Team – ongoing  Session planned for Jan 2022
										
O4	Insufficient revenue budgets: a) to deliver service effectively;	2	2	4	“7 year” agreement refers to flexibility for partners, and this provides a good solid base for IA plans.  Contracts with other bodies are more flexible and are “higher risk” but current trend is for an increase in demand, rather than reduction.  Fraud work requires additional buy in from partners and others.  Risk Management – potential to provide such a service in a wider context.	Oct 2020 2	2	4	Annual review with each partner to firm up budget and requirement.  Need to continually meet clients needs / provide professional and “value added” services.  Better buy in secured from County Council. Ongoing work in CTax producing good results .  Regional RM group continues to be a good way to showcase our services.	Ongoing  Quarterly with each client  Further work req'd in 2021/22  RRMG working well. Recent meeting (Sept 2021) had extended invite.
