# Devon Pension Fund Training Plan 2023/24

## 1 Introduction

The Devon Pension Fund has had a longstanding commitment to training for those involved in the governance of the Fund to ensure that they have the skills and understanding required to carry out their stewardship role. This has included regular events to cover the latest developments in the LGPS, investment strategy and performance monitoring. In February 2014, the Investment and Pension Fund Committee adopted the CIPFA Code of Practice on Public Sector Pensions Finance Knowledge and Skills.

It is important that members of both the Investment and Pension Fund Committee and the Devon Pension Board receive appropriate training in order to carry out their roles effectively.

Following completion of the Good Governance Project undertaken by the Scheme Advisory Board, it is anticipated that it will become mandatory for both committee and pension board members to have completed the Pension Regulator's Public Sector Toolkit modules within six months of appointment.

This training plan sets out how levels of understanding will be assessed, and how the knowledge and skills requirement and other regulatory requirements will be supported through training events over the next year.

## 2 Knowledge and Skills Framework

There are six areas of knowledge and skills that have been identified as the core requirements for those with decision making responsibility for LGPS funds. They are:

- Pensions legislative and governance context.
- Pensions accounting and auditing standards.
- Financial services procurement and relationship management.
- Investment performance and risk management.
- Financial markets and products knowledge.
- Actuarial methods, standards and practices.

Members of the Investment and Pension Fund Committee and the Pension Board are expected to have a collective understanding and senior officers are expected to have expertise of these areas of knowledge and skills.

### 3 Pension Board Specific Requirements

Under the regulations the members of the Pension Board are required to have the capacity to take on the role. In addition, in accordance with Section 248A of the Pensions Act 2004, it is expected that every individual who is a member of a Local Pension Board will receive training, and as a result:

- Be conversant with the rules of the LGPS, in other words the Regulations and other regulations governing the LGPS (such as the Transitional Regulations and the Investment Regulations);
- Be conversant with any document recording policy about the administration of the Fund which is for the time being adopted in relation to the Fund;
- Have knowledge and understanding of the law relating to pensions;
- Have knowledge and understanding of such other matters as may be prescribed.

### 4 Committee and Pension Board Training

Training for the Investment and Pension Fund Committee and the Pension Board during the year will focus on the following areas:

1. **The six areas of the Knowledge and Skills framework** – These will continue to be a major area of focus, with training focused on gaps in knowledge identified through the annual training needs analysis exercise. In addition, the Pensions Regulator Public Sector toolkit and introduction to investment module will provide good foundation knowledge and all members of the committee and pension board are required to complete this training and achieve full accreditation in anticipation that this will soon be a statutory requirement. Officers will continue to work with the Devon County Council Member Development Officer and individual Committee and Board members to ensure that they have the skills and knowledge required.
2. **Brunel Pension Partnership** – Training and briefings will continue to be provided regarding pooling and the service provided by the Brunel Pension Partnership. The training will focus on performance on investment and how Brunel manage Environmental, Social and Governance (ESG) issues. The training will aim to ensure that the Committee and Board are able to effectively monitor the ongoing operation of the company to ensure it is providing the required level of service in a cost-effective manner.
3. **Potential new investment opportunities** – Training will be provided on new areas of investment that may be considered by the Committee. Sessions will be provided to keep Committee and Pension Board members up-to-date with the latest market developments, and look at the Fund's long-term performance.

4. **Regulatory / Legislative Changes** – Training will be provided on the implications of any legislative and regulatory changes. This will include anticipated new regulations and guidance on climate reporting, governance and any new initiatives related to investment pooling.
5. **Training manual** – Online resource covering a base level of knowledge required of pensions and the Devon Fund and covers topics included in The Pension Regulator toolkit.

Training will be delivered through the following events to be held during the year.

#### **Devon Pension Fund Training - July 2023**

In person training event which will include pension administration and the latest regulatory changes and an update on financial markets and economic outlook.

#### **The Pension Regulator Toolkit Training and investments module – as required**

An opportunity for those new to the investment committee or pension board, those who have not yet completed the online toolkit or for those simply wanting a refresher to review the contents of the toolkit with officers.

#### **Brunel Investor Days– Autumn 2023**

A further joint event is planned to be held with other LGPS funds within the Brunel pool to provide a further update on the Brunel Pension Partnership. This will focus on the portfolios and services being provided by Brunel including market analysis and stewardship and climate change policies.

#### **Devon Pension Fund Training Day – Autumn 2023**

Further training will be provided to include an update on financial markets and economic outlook, administration and the latest regulatory changes and areas of training highlighted as a result of a training needs analysis.

#### **Other Training**

Training needs analysis will be undertaken annually to help identify training gaps in individual members' knowledge. Any gaps will be addressed in future training plans. Any areas identified that will not be met by the core training described above, then additional training can be accessed to meet those needs.

Specific training can be identified for the Chairman of the Investment and Pension Fund Committee and the Pension Board to support them in their role if required. In addition, induction training will be provided for all new members of the Committee and Pension Board.

Resources are available to meet all the training requirements outlined above.

Following the Covid pandemic, many courses and events are now made available online. Committee and board members are particularly encouraged to sign up for these events as advised by officers when events become available.

## 5 Officer Training

It is important that officers have the required training to carry out the tasks of managing the Fund's investments and administering the payment of benefits. The knowledge and skills required of staff are set out in their job descriptions, including any formal qualifications required. Senior Officers should be familiar with the requirements of the CIPFA Code of Practice on Knowledge and Skills and should have expert knowledge of the six areas of the framework.

Senior officers will attend relevant conferences and seminars during the year to ensure that they remain up-to-date with the latest requirements. In addition, they will be expected to keep up to date through use of the internet, and conduct research on relevant issues where required. All staff will have specific training identified to meet assessed requirements. Individual training plans will be put in place and these will be recorded and reviewed as part of the annual appraisal process.

A central training record will be maintained by each of the Investment Team and Peninsula Pensions of the events attended and training received by all members of staff.

For senior officers, there will be a particular focus on the following areas:

1. **Governance** – Understanding the new governance requirements resulting from the Good Governance Project when they are issued for consultation and ultimately enacted in revised regulations.
2. **Investment Arrangements** – the latest pooling guidance and its impact on the relationship with the Brunel Pension Partnership. Further developing the contract management skills required to manage the relationship with the Brunel company.
3. **Climate Change and ESG** – Understanding the new requirements under Taskforce for Climate-related Financial Disclosures (TCFD). It is anticipated that new regulations and guidance will be issued during 2023/24 following the consultation in Autumn 2022.
4. **New Investment Products** – Keeping up-to-date with what the market is offering, in order to assess the validity of new products for investment by the Devon Fund.
5. **Accounting Issues** – Keeping up to date with the latest CIPFA guidance on the format of the Pension Fund Statement of Accounts and the content of the Annual Report, including new requirements resulting from investment pooling.
6. **Pensions Admin Regulations** – Understanding the latest guidance and interpretation of changes to LGPS Regulations and their impact on procedures.
7. **Pensions Admin Systems** - Keeping up to date with updates/new releases to our software system Altair, passing down training to all staff.
8. **Wider Pensions Issues** – Understanding the impact of wider Government reforms to pensions, such as the dashboard project, the 95k redundancy cap and the McCloud remedy.

## 6 Reporting and Compliance

In line with the CIPFA Code of Practice a disclosure will be made in the Fund's Annual Report and Accounts that covers:

- How the Skills and Knowledge framework has been applied.
- What assessment of training needs has been undertaken.
- What training has been delivered against the identified training needs.

Officers will monitor and implement the requirements arising from DLUHC guidance following the conclusion of the Good Governance project to ensure compliance and best practice is maintained.
