

CHILDCARE SUFFICIENCY REPORT

Report of the Head of Education and Learning

Please note that the following recommendations are subject to consideration and determination by the Cabinet (and confirmation under the provisions of the Council's Constitution) before taking effect.

Recommendation: That the Cabinet welcome and endorse the Annual Childcare Sufficiency Report and arrangements be made for the report (and supporting reports) to be published on the Council's website.

1. Background

It is a statutory duty to secure sufficient early years and childcare places.

- 1.1 Sufficiency is met through a variety of providers that includes all types of schools, pre-schools, day nurseries, holiday clubs, breakfast clubs, after school clubs, childminders, etc. These provisions are within the private, voluntary, independent and maintained sectors.
- 1.2 Early years places are for under-five-year-olds. Some two-year-olds and all three- and four-year-olds are funded through the Dedicated Schools Grant to access 570 hours of education a year (equivalent of 15 hours per week term time).
- 1.3 Some three- and four-year-olds of working families are eligible for an additional 570 hours of childcare per year. This is an annual total of 1140 hours of early education and childcare.
- 1.4 Childcare places are for 0-14-year-olds (or up to 18 years old for disabled children). This provision is paid for by parents.
- 1.5 The local authority should take into account what is "reasonably practicable" when assessing what sufficient childcare means.
- 1.6 [The Early Education and Childcare: Statutory Guidance for Local Authorities](#), sets out that the local authority should report annually to elected Council Members on how they are meeting their duty to secure sufficient childcare and make this report available and accessible to parents.
- 1.7 The report must contain information about the supply and demand of childcare for all children aged 0-5 and out of school and holiday care for school aged children including children with a disability or special education needs. The report considers the affordability, accessibility and quality of provision and how any gaps in childcare provision will be addressed.
- 1.8 This is the sixth Childcare Sufficiency Assessment Annual report; last year's report was approved by cabinet in July 2017 and can be found here: <https://new.devon.gov.uk/eycs/for-providers/childcare-sufficiency/childcare-sufficiency-assessment>

2. The Childcare Sufficiency Annual Reports

- 2.1 There is one report and an executive summary.
- 2.2 The Childcare Sufficiency Annual Report 2017/18 (Appendix 1), which is brought before Cabinet for endorsement, encapsulates key findings from data relating to 2017/18 (1st April 2017 to 31st March 2018) and actions for the Early Years and Childcare Service for 2018/19.

3. Key Findings

- 3.1 The data analysis indicates that overall there is sufficient early years and childcare provision within Devon. Although the rural/urban spread of different types of provision varies. [Childcare Sufficiency Hot Spots](#) have been identified.
- 3.2 The number of providers has decreased this year (-179) along with the number of places available (-689.5) However, the population of under-five-year-olds has also decreased by 3% (-1016) across Devon.
- 3.3 100% of Devon County Councils administrative area is within a five-mile radius of childcare provision and 100% is within a five-mile radius of funded provision.
- 3.4 The number of providers who are approved to offer the 2-year-old funding has continued to increase, by 51 this year, and now stands at 656.
- 3.5 The percentage of 2-year olds taking up a funded place has remained high at 90.9%. This is much better than the National Average and means Devon is ranked 20th out of 152 Local Authorities
- 3.6 There continues to be a high percentage of 3 and 4-year olds taking up the early years education funding (98.5%). This is well above the National average of 94%.
- 3.7 The take-up of the Early Years Funding by those two-year-olds in local authority care has increased from 69.2% to 71.4% and remains high at 95.0% for three- and four-year-olds in care.
- 3.8 Since September 2017 some three- and four-year-olds of working families have been entitled to 1140 hours per year. There has been a successful introduction of the extended entitlement (30 hours) by most providers in Devon (768 out of 770, 99.7%).
- 3.9 The take-up of the extended entitlement has increased from 39.6% in Autumn 2017 to 41.8% in Spring 2018. (Spring 2018 – 68.0% of those estimated to be eligible)
- 3.10 From September 2017, the funding rate for three- and four-year-olds increased from £3.98 to £4.02 which included Universal SEND funding. (In April 2018 this increased to £4.06)
- 3.11 The percentage of providers graded as Good or Outstanding by Ofsted remains higher than both the South West and the National average (Devon 97.1%, National 94.2%, South West 95.5%) - (March 2018).
- 3.12 A higher proportion of children in Devon (71.0%) achieved a Good Level of Development than the national average (70.7%) (measured by the Foundation Stage Profile 2017). (*Foundation Stage Profile 2018: All GLD – Devon 71.8%, National 71.5%*)
- 3.13 All providers have been encouraged and supported to register with HMRC so they can accept tax free childcare payments, making childcare more affordable for families.
- 3.14 A new training website was introduced. [DEL Digital Learning](#) is now used for booking early years training courses and e-learning.
- 3.15 There has been increased and improved communication with providers through social media platforms. The number of subscribers to the [Early Years Weekly Digest](#) and the number of likes of the Early Years and Childcare [Facebook Page](#) has increased; the Early Years and Childcare Service has recently introduced a [Twitter page](#) and a [LinkedIn Showcase](#).

4. Actions arising from the report

The Early Years and Childcare service will:

- Continue to assess sufficiency and identify Hot Spots through data analysis and discussion on the supply and demand of childcare with locality teams.
- Carry out actions to address issues in Hot Spot Areas (page 18).

- Survey parents to gain a greater insight into demand for childcare where there is insufficient provision or there are issues raised through data, by the locality teams or local families. This will be through an online survey promoted through social media.
- Carry out the Annual Survey of Providers in January 2019.
- Continue to promote the take up of funded two-, three- and four-year-old places to parents as well as the importance of taking up the full entitlement.
- Continue to promote the take-up of the extended entitlement to 1140 hours of funded childcare for eligible three- and four-year-olds.
- Monitor the take up of funded places and hours (two-year-old funding, universal funding, extended entitlement).
- Monitor the impact of the extended entitlement on the number of places for two-year-olds.
- Promote the stretched offer to parents.
- Increase the take-up of the Early Years Pupil Premium.
- Capture information on Governor Run out of school provision that is not Ofsted registered.
- Monitor openings, closures and expansions.

5. Options/Alternatives

No other options were considered.

6. Financial Considerations

There are no additional cost implications to the report actions which will be implemented by the Early Years and Childcare Service.

7. Legal Considerations

There no specific legal considerations in relation to the annual report, key findings or actions arising from the report.

8. Environmental Impact Conditions

There are no specific environmental related issues arising from the report, key findings and proposed actions for the coming year.

9. Equality Considerations

The actions arising from the Childcare Sufficiency Report contribute to the promotion of equality of opportunity. The Sufficiency Assessment Report considers accessibility and affordability of childcare for all families and includes consideration of disabled children, families on low incomes and parents working irregular hours. Early years and childcare provision is registered and inspected by Ofsted and they are required to comply with all legislation relating to anti-discrimination, safeguarding, employment and health and safety. The inspection will assess the extent to which the provider complies with all legal duties including those set out in the Equality Act 2010 and will pay particular attention to the educational outcomes for specific groups of children which includes all children with protected characteristics (Equality Act 2010). The actions identified for the coming year are a continuation of the ongoing work of the Early Years and Childcare service in promoting equality of opportunity for all families through provision of accessible, affordable, childcare.

10. Risk Management Considerations

No risks have been identified.

11. Public Health Impact

The report identifies that there are sufficient early years and childcare services for families. This should have a positive impact on public health as families can be supported through early years and childcare providers who enable parents to go to work or training and can signpost to other support if required.

12. Reasons for recommendation

Data analysis for the Childcare Sufficiency Report indicates that the local authority met the early years and childcare sufficiency duty in Devon in 2017/18.

To continue to ensure the duty is met in 2018/19 the main areas of focus will be:

- Ensuring sufficient places for 2-year olds and marketing and promotion of this entitlement.
- Ensuring sufficient places for the increase of the Early Years Entitlement to 1140 hours a year for 3 and 4-year olds of working families.
- Raising the quality of funded places– specifically those judged as Requires Improvement and Inadequate by Ofsted.
- Meeting the need for early years and childcare places where there are new housing developments.
- Ensure inclusive early years and childcare provision for children with disabilities and special education needs.
