

Health and Wellbeing Outcomes Report

Report of the Chief Officer for Communities, Public Health, Environment and Prosperity

Recommendation: It is recommended that the Devon Health and Wellbeing Board note the updated Health and Wellbeing Outcomes Report.

1. Context

This paper and accompanying presentation introduces the updated outcomes report for the Devon Health and Wellbeing Board.

2. Summary of the Health and Wellbeing Outcomes Report, October 2021

2.1 The full Health and Wellbeing Outcomes Report for **October 2021**, along with this paper, is available on the Devon Health and Wellbeing website: www.devonhealthandwellbeing.org.uk/jsna/health-andwellbeing-outcomes-report. The report monitors the four Joint Health and Wellbeing Strategy 2020-25 priorities, and includes breakdowns by local authority, district, and trends over time. These priorities areas include:

- **Create opportunities for all**
- **Healthy safe, strong and sustainable communities**
- **Focus on mental health**
- **Maintain good health for all**

Three indicators have been updated with new data and are as follows:

- **Children in absolute low-income families (Under 16s), 2019/20**

The percentage of children aged under 16 living in absolute low-income families in Devon is 12.5%. This is significantly lower compared to the England rate of 15.6%. Across Devon, all districts, except for Torridge, are significantly lower compared to the England average. Torridge is significantly higher compared to the England average (17.3%).

- **Estimated Dementia Diagnosis Rate (65+), 2021**

In Devon, the estimated dementia diagnosis rate of persons aged 65+ is 56.3%. This is significantly worse compared to the national target of 66.7%. Across Devon, there is some variation across the districts. Mid Devon, South Hams, Teignbridge Torridge and West Devon have rates that are significantly worse compared to national average. The East Devon, Exeter and North Devon rates are statistically similar to the national value.

- **Fuel poverty, 2019**

The percentage of households in Devon that experience fuel poverty in Devon is 10.7%. The England average is 13.4%. Across Devon all districts are statistically similar to the national average.

Please note that many outcome indicators demonstrate health and wellbeing inequalities across smaller areas which may not always be apparent when observing only the Devon figure.

Please refer to the Devon Health and Wellbeing Outcomes report for a full list of indicators.

3. Future developments to the Devon Health and Wellbeing Outcomes Report

3.1 The interactive Outcomes Reporting tool has been developed and can be found on the Devon Health and Wellbeing website [Health and Wellbeing Outcomes Report - Devon Health and Wellbeing](#)

Health and Wellbeing Outcomes Report

Indicator Overview

Indicator Priority	Updated In This Report										
All	All										
Indicator	Devon	South West	England	East Devon	Exeter	Mid Devon	North Devon	South Hams	Teignbridge	Torrridge	West Devon
% With No Qualifications (NVQ) (Aged 16-64) (2020) (%)	3.7	5.0	6.2	7.8		7.5	2.6		5.1		
% With NVQ4+ (Aged 16-64) (2020) (%)	40.7	40.5	42.8	39.4	51.8	27.7	38.5	47.2	40.7	31.7	35.5

Statistically significantly better compared to England

Statistically similar compared to England

Statistically significantly worse compared to England

3.2 An easy read version of the Devon Health and Wellbeing Outcomes report is also in development, with delays caused due to the Coronavirus global pandemic.

4. Legal Considerations

There are no specific legal considerations identified at this stage.

5. Risk Management Considerations

Not applicable.

6. Options/Alternatives

Not applicable.

7. Public Health Impact

The Devon Health and Wellbeing Outcomes Report is an important element of the work of the board, drawing together priorities from the Joint Health and Wellbeing Strategy, and evidence from the Joint Strategic Needs Assessment. This report and the related documents have a strong emphasis on public health and other relevant health, social care and wellbeing outcomes. A number of the outcome indicators are also drawn from the Public Health Outcomes Framework. The report also includes a specific focus on health inequalities.
